## From Beginning To End

...it all takes place in here ... our school, like a maze, full of choices, decisions, new directions found, with back-tracking at times ... but with every confronting obstacle we are molded into better people as we learn and as we are molded by our teachers.

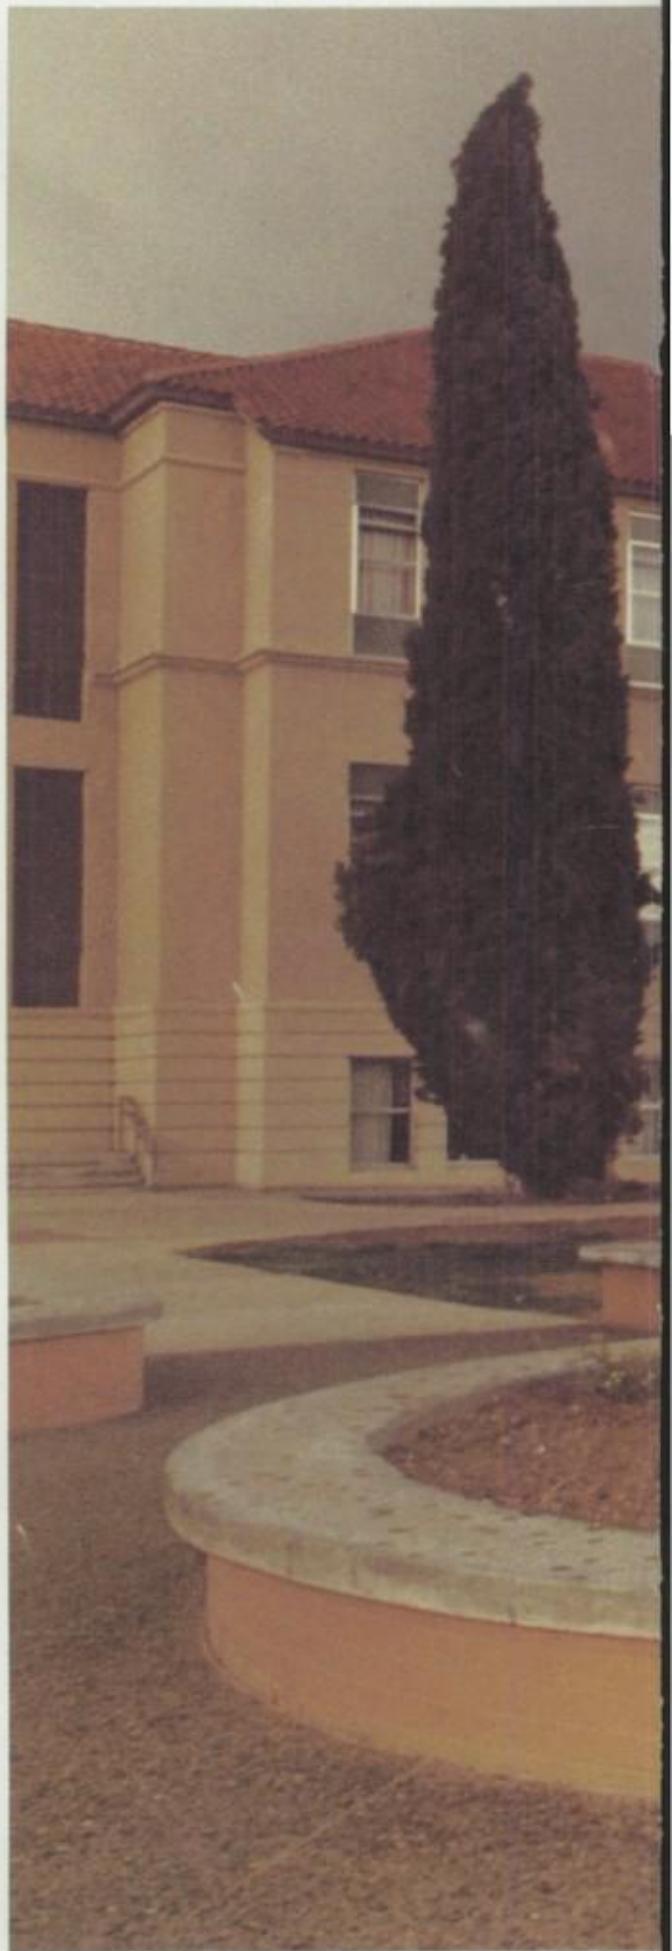

For the freshmen the maze is a brand new beginning. Everything is new. Friends, surroundings, activities and classes are all exciting but yet threatening. Freshman move into one of the biggest changes of their lives. Recess becomes but a mere memory. They soon take education more seriously. They find that their future depends on higher education. For the freshman it's just the beginning of four years that will be cherished for the rest of their lives.

As for the sophomores— they have made it through the "breaking-in" period. They know the rules & regulations ... the "ropes" so to speak. One thing they are sure of: They're glad that they aren't freshmen anymore! The sophomores are an optimistic group—they are always looking up...up to the day that they will be upper-classmen.

Ahh! ... the junior year! ... finally the upper crust of "Panther Country" ... going to the Prom without being asked, driving to school, being in the musical, becoming an officer in the band, getting on the yearbook staff — a great year, but still not the top *cat!*

Enter the seniors! the rulers, the collest of the cats! They just about have the maze conquered by their senior year ... or at least they thought they did until Ms. Cameron's class. But later on many such classes are valued as essential corridors in the maze of our school. For the senior, the land of the Panther ends ... but the Pride roams the world. For when ever you find an alumnus of Peoria High, you find: "Pride In Motion".

-Heather Smith

# **CHANGES . . .**

Due to the rapid growth of our school, it has undergone major construction including a new auditorium, library, student parking lot, and new landscaping.

The construction of the new auditorium, which had a total cost of \$1,823,366, was started in March of 1984 and ended in August of 1985. It gave us the latest technology in lighting, sound, and electronic equipment as well as classrooms for drama, vocals, and instrumental equipment.

Besides having a new auditorium, the students have a new parking lot. Also, in place of the old band room, there has been a new library built.

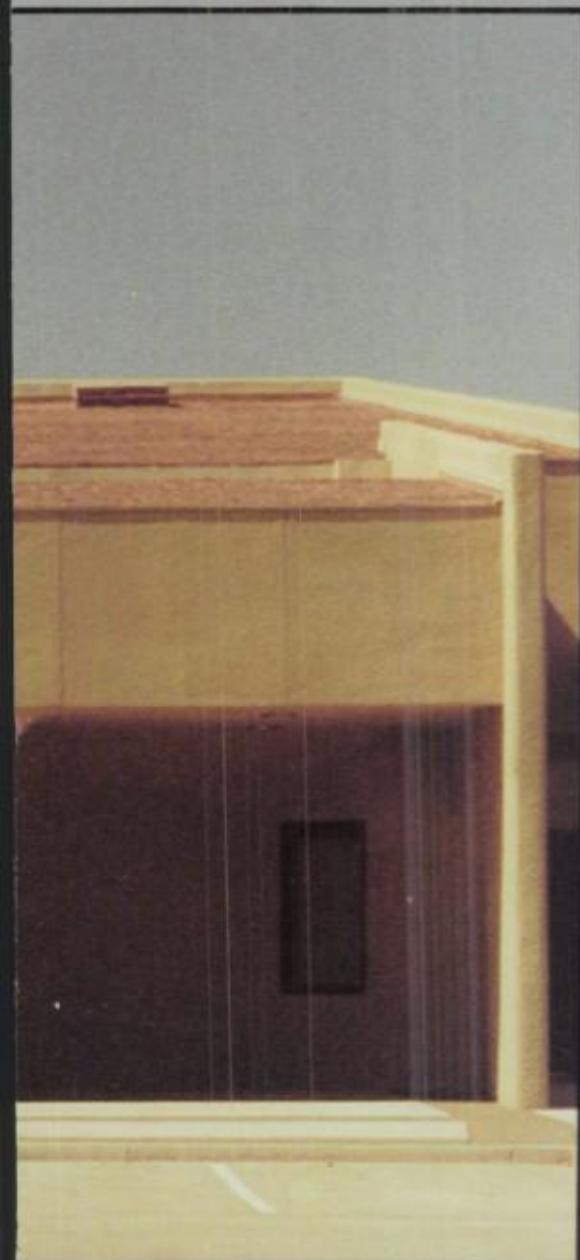

- Tracy Putman

The campus received a new facelift as a new area was put in for the students to have a place to sit and socialize with a surrounding of grass and trees. This area eliminates some traffic that had become a safty hazard for the students walking back and forth to their classes. Beautification was added by the landscaping to make the school better and tie the campus together.

- Tracy Putman

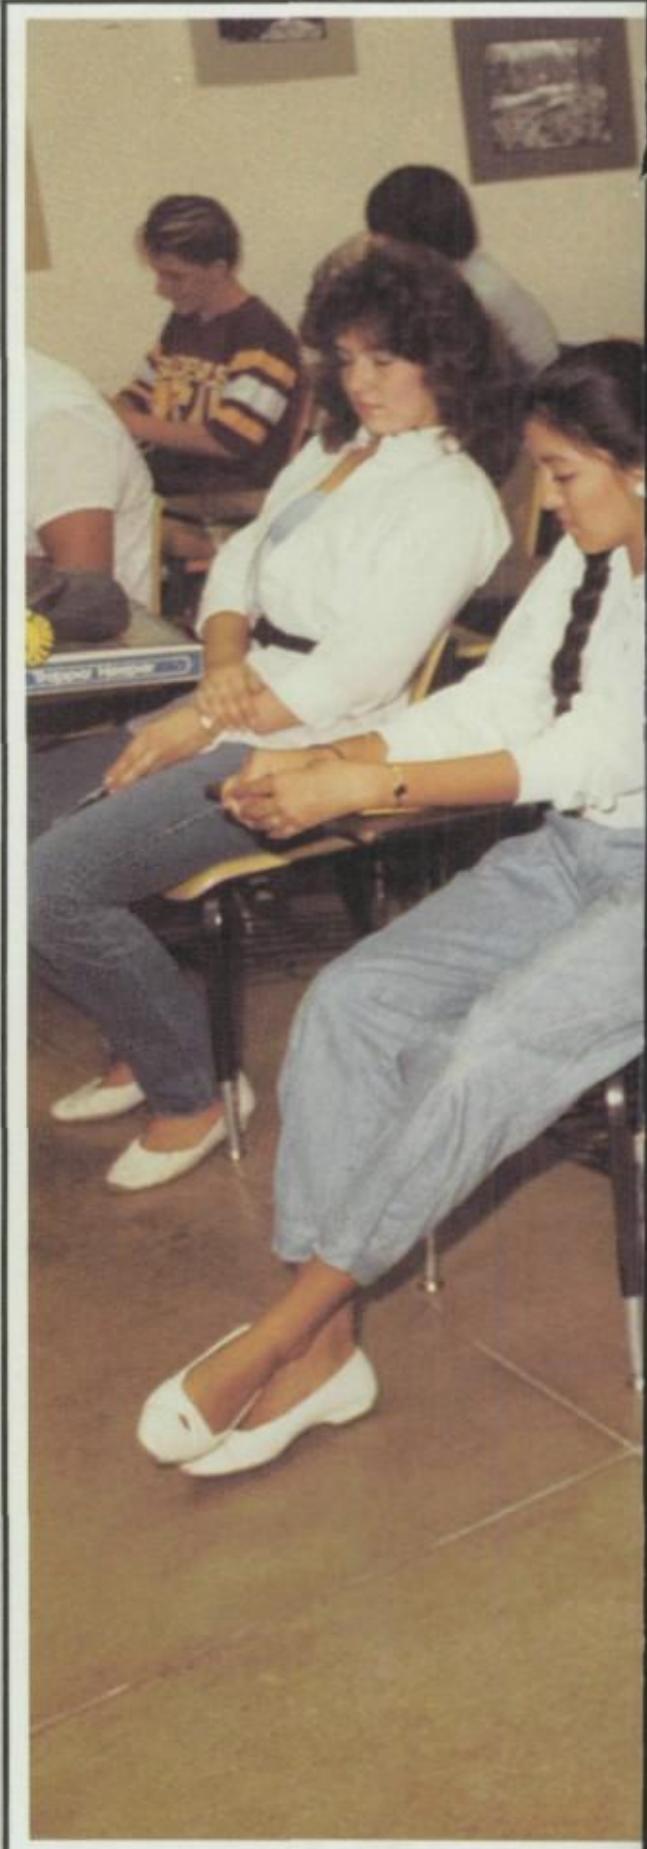

# NEW . . .

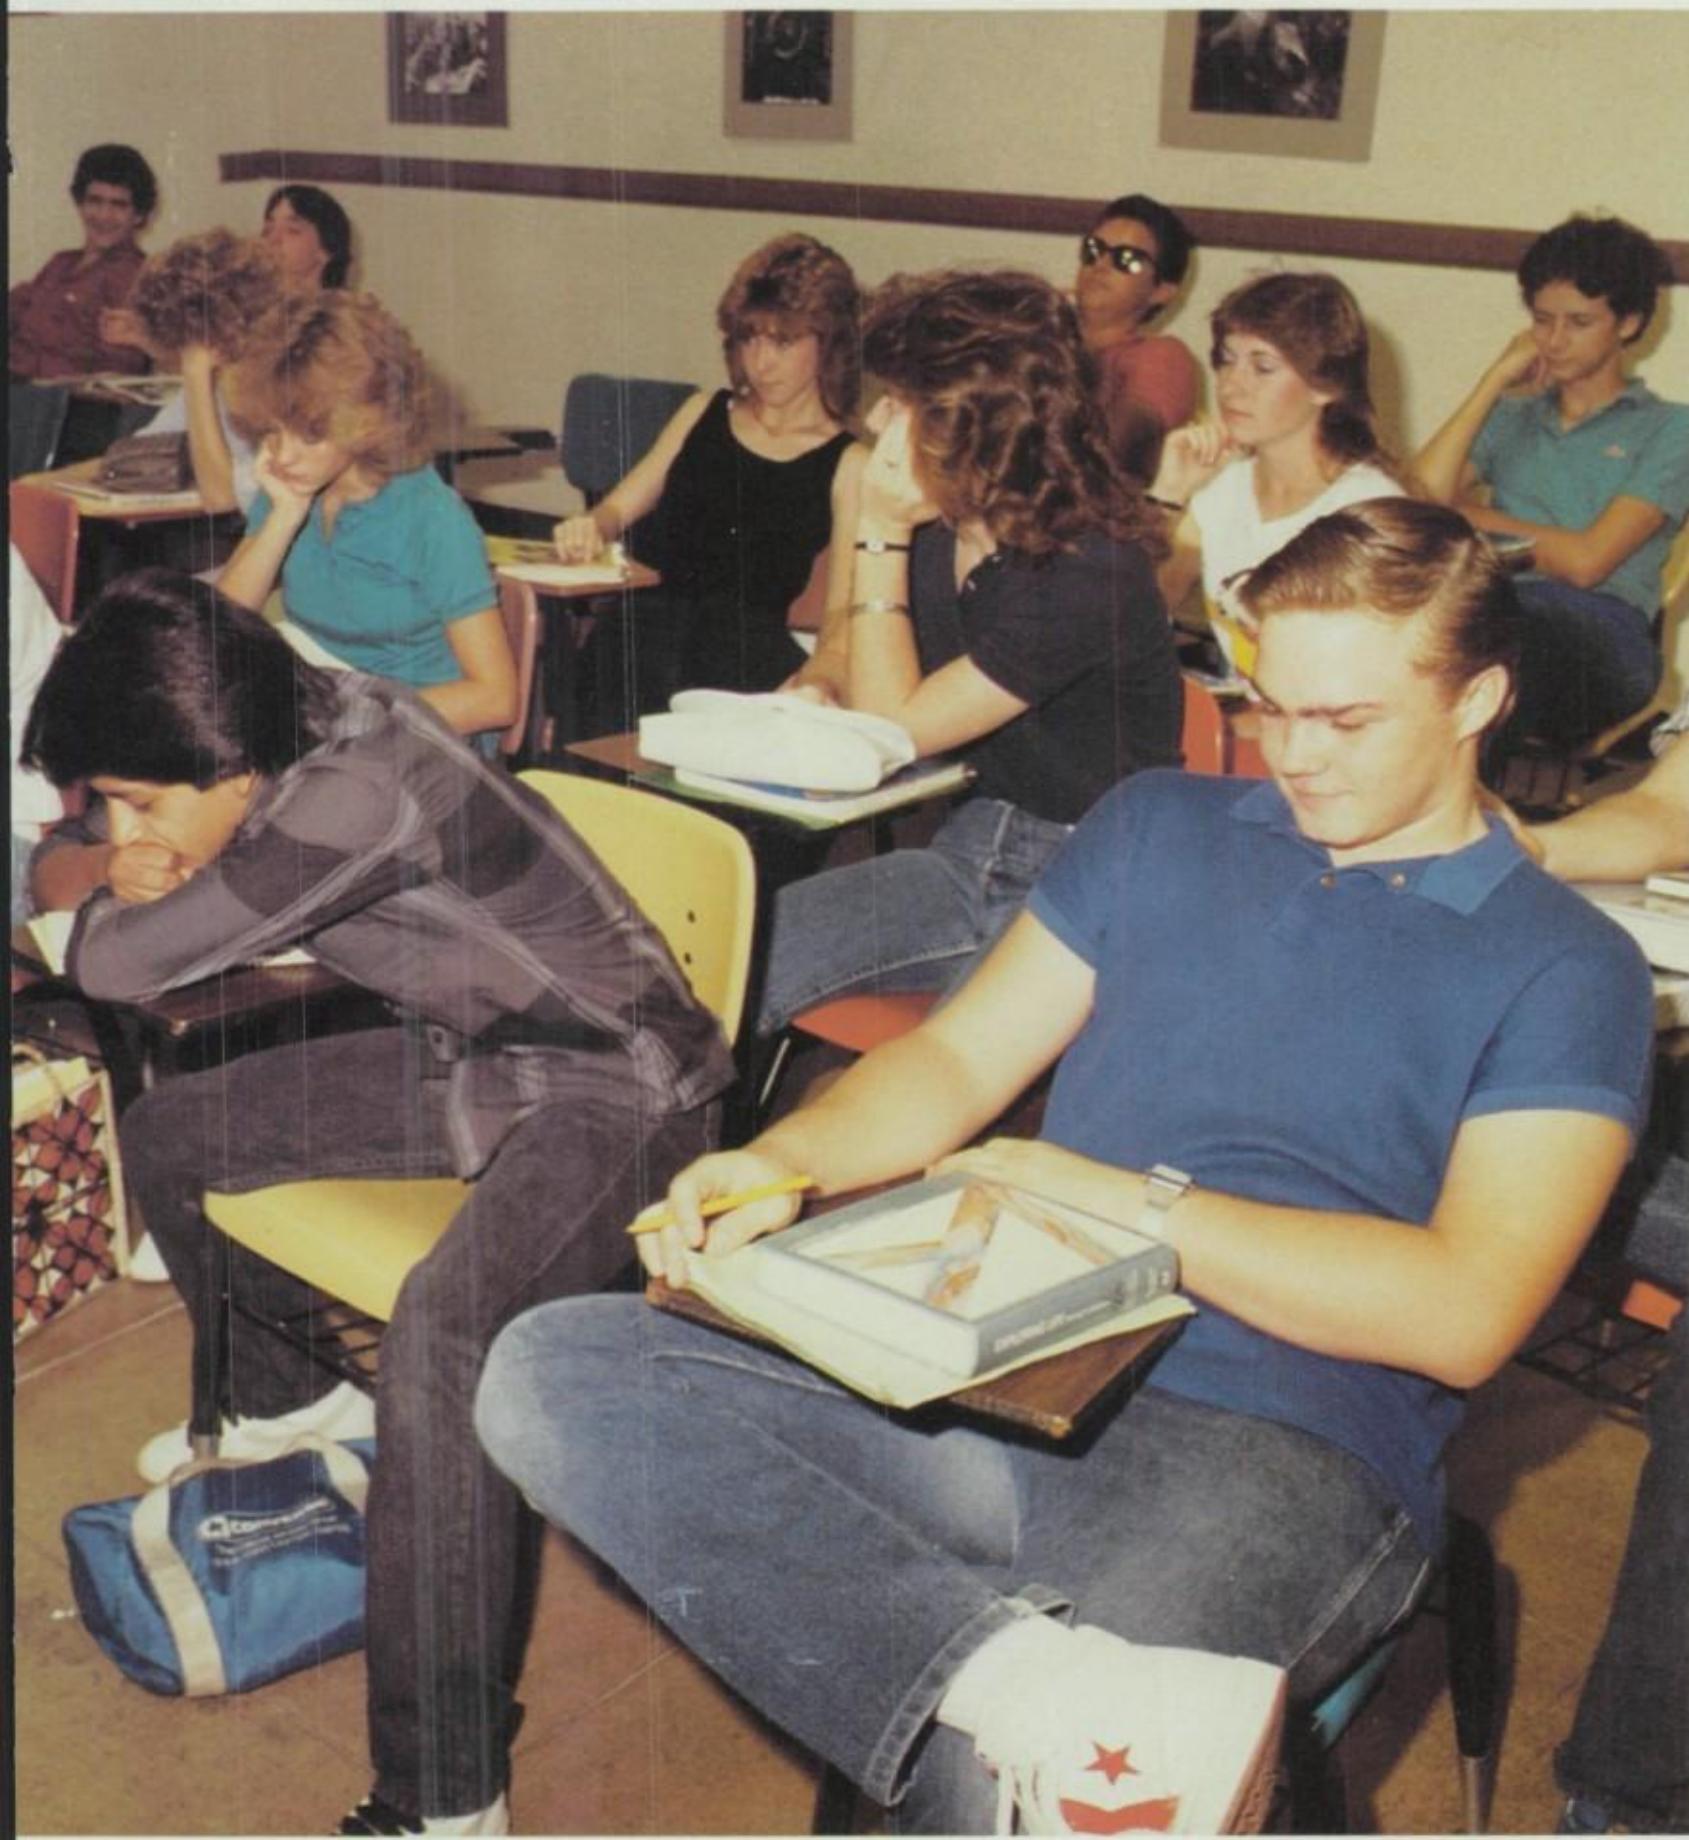

It's your first day of school, and you know exactly what's going to happen. You're going to be sitting through six classes listening to your teachers talk about the class and school rules and regulations. As for the Freshmen, they don't know what they're doing or where they're supposed to be going. After the first two hours of listening to their teachers, they realize that high school isn't going to be a picnic.

You walk into your first hour class, hoping you're in the right classroom, you see many different faces... new faces... threatening faces. Feeling lost and lonely you look desperately for a familiar face, then an old friend comes up and says "Hi". At first you're wondering who this person is, then it hits you!... It's great to be back in school again.

# YOUNG OR OLD?

## NOW INTRODUCING . . .

The new year began with our first assembly, which was held on September 13.

Classes were released at 8:45 and students proceeded to the football stadium. All classes, Freshmen through Seniors filled the stand. This was the first time that all of the students had been brought together as one.

For the Seniors, this was the start of their last year but for the Freshmen it was the start of a new beginning.

It was here that the Freshmen first saw the band perform for the first time. They also were taught many of our schools songs, including the "Fight Song". They were encouraged to participate and to promote the spirit of PHS.

The Student Council announced the schools theme, "Pride In Motion", hoping to continue the pride and enthusiasm that students have for our school.

The first football game of the season was that night so, the members of the Varsity Football team were introduced and students were encouraged to attend the game against Sunnyslope to support our team. The members of the Cross Country and Varsity Volleyball team were also announced.

Twelve new teachers had been ad-

ded to our faculty this year and were brought out onto the field to be introduced to all of the students. They were then taught a routine by the cheerleaders. All performed quite well, although, Mr. Bertilson really out did himself.

# **"MEAN AND GREEN..."**

## **A FIRST...**

It seems that there has been a lot of talk about who really won the Peoria - Sunnyslope game. Our first game will be remembered as a tie to us, but was it really? With a score of 0-0 the game was over, "technically," but a referee thought differently. It was decided that the game was to go into sudden death, being that the team with the most yards at the end of four plays wins by one point. Since the game was not a play off or a Divisional game, the sudden death rule does not apply therefore the game was a tie. The game was well fought guys, "stay mean for the green."

- Heather Smith

## **A WIN...**

On September 20, playing before 4,000 fans, the game between 3rd ranked Cactus and Peoria began. The Cobras scored first with a 4-yard run late in the first quarter. Then, missing the extra point, Cactus led 6-0. Peoria then scored 6-6, after a 14-yard dash by Roy Mercado.

The score remained tied until Cactus scored, giving Cactus a 12-6 lead. With less than 30 seconds left, Marlo Cobos retaliated by running 3-yards for the game-tying touchdown.

Hoping for the extra point, Tony Camino's kick sailed through the goalposts. Peoria finally beat Cactus 13-12.

## **EMBARRASSING? . . .**

Embarrassment is a way of life. Once the new year sets in, school becomes duller and duller. You can always count on those little things to keep life interesting.

Have you ever walked down the halls toward your class with your new shoes echoing all the way? Does your face turn a shade of purple when you realize that everyone is staring at you as you try and walk on your toes to cut down on the noise? Then, at the peak of your embarrassment, you trip over a crack in the floor and fall flat on your face in front of the whole student body?

Many embarrassing things happen to people every day. If you accidentally fall asleep in class and wake up in the middle of the next hour with drool coming out of your mouth and lines from your sweatshirt engraved on your forehead, be sure and put your head down and wait until the next bell rings.

Perhaps the most fatal kind of embarrassment is when you are taking a two-hundred point exam and you notice a bug on top of the desk next to yours. As you become obsessed with the bug, you forget about the test. Suddenly, you hear the teacher yelling your name. As you look up, you see the whole class staring at you. So, you keep quiet and fail the test with dignity.

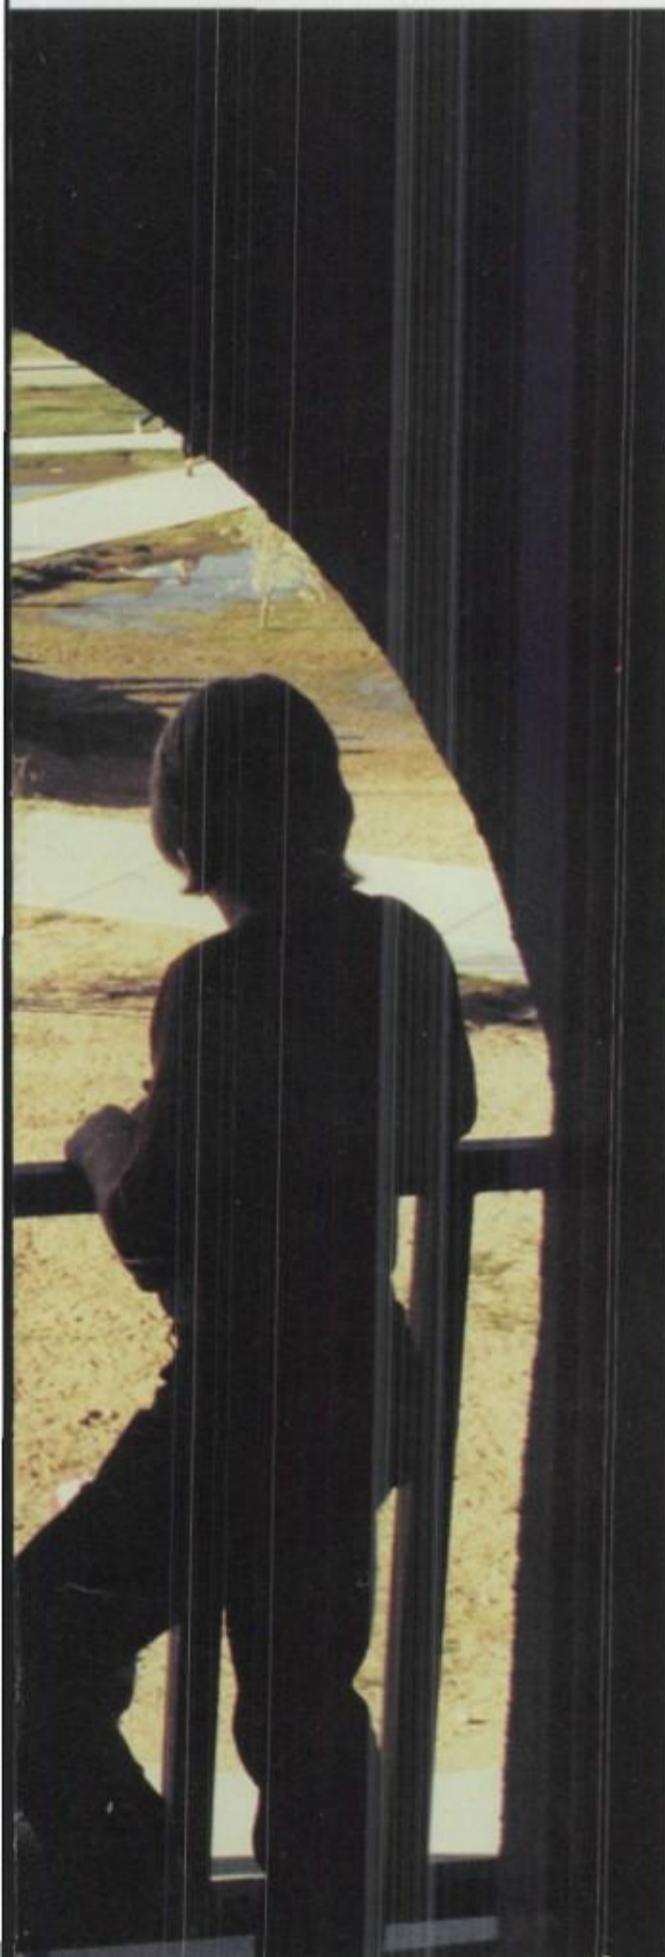

I am sure that everyone has had an embarrassing moment. Who knows, maybe it was one of these!

## A NEW PIECE??

The student body spirit is at an all time high. People are wearing our school colors, getting totally crazy at Pep Assemblies and are really getting involved in the school by joining clubs, sports, and other activities on campus. We are not only here to learn, but to make friends and have a great time.

"The Freshman class has seemed to add new spirit to our school," says Ms. Kathy Bauer. They have really adapted themselves into the high school way of life.

The piece of the puzzle that graduated last year, has been replaced with one that is equally enthusiastic and now completes the picture of our school.

# **“IT’S A PANTHER HOLIDAY!”**

## **HOOME COMING WEEK 1985**

Homecoming is sponsored by student council and the theme for Homecoming Week 1985 is “It’s A Panther Holiday.” Monday is Independence Day and spirited students dress in red, white, and blue. Uncle Sam can even be seen on our campus. Valentines Day is Tuesday and red and pink decorate the school. Kentucky Fried Chicken and McDonalds uniforms are worn on Wednesday in honor of Labor Day. Thursday is Halloween and costumes are displayed both during school and at the bonfire Thursday evening. The annual Green and Gold Day is Friday.

Lunchtime activities are coordinated by Walter Krushinsky, Senior Class Treasurer. They include a pie-eating contest on Independence Day and three legged races on Valentines Day. A tug-of-war happens on Labor Day and at lunch on Halloween students may engage in a water balloon toss. On all four days best-dressed awards are given.

“Overall, Homecoming Week has been a success,” states Sonia Corella. “Many alumni are returning and the freshmen are all getting involved.”

-Michelle Kuhn

## **LIGHTS OUT ON P.H.S. HOMECOMING**

Homecoming began with our disastrous 14-3 loss to Tolleson.

"Tolleson did not defeat us, we defeated ourselves," said Mr. Steve Schriener, "The game was full of mistakes on our part."

Tony Camino, Peoria kicker, scored our only points after making a 25-yard field goal.

You would think "bad luck" would leave us alone after we lost our Homecoming game, but it had to finish the job it started.

After leaving the game, a spectator drove up a powerline on Varney Road. The electricity had to be turned off in all of downtown Peoria, which meant NO DANCE! Disappointed students were refunded a dollar.

Our unusual Homecoming is one that won't be forgotten for quite awhile.

# INSTANT SUCCESS!

The curtains rise, the lights go on-INSTANT SUCCESS! the cast, crew, and audience of "The Miracle Worker" feel this was the best play ever put on at P.H.S. Not only did the audience enjoy the performance but the Thespian Organization who reviewed the play did too. The cast, and crew of "Worker" were issued an invitation to perform at the state conference which will be held at P.H.S.

"I feel we can represent P.H.S. at the State Thespian conference with our heads held high," said Mr. Ron Selim, the show's director.

Despite the problems of getting used to a new stage, hard work pulled everything together. The new auditorium was definitely an asset to the show. Not only did the auditorium, the excellent cast, crew, and directing make this play a success, but also the story itself.

"I chose "Worker" because I wanted a play that would make the actors reach and one that would bring in the audience," said Mr. Selim, "The cast is blessed with a number of seniors whose experience is reflected in their fine performances. Kelly Pallitto, Debbie Bennett, Karl Coleman, Scott Reagles, and Annie Frank make this story of learning a moving and enjoyable experience."

# **SPIRIT AND WHAT?!**

Spirit and Pride have always been a big part of P.H.S. and Student Council is always involved. Dean Fink, president of Student Council, explains why "Pride in Motion" was chosen for our theme this year, "We took the theme from the song "Man in Motion". Our school has a lot of spirit and pride, and through our clubs and activities, we put our spirit and pride into action. Thus, "Pride in Motion".

Members of Student Council put their "Pride in Motion".

Members of Student Council put their "Pride in Motion" by attending assemblies to get the crowd spirited. Also, Ms. Sulter, Student Council sponsor, and Student Council are involved in other activities throughout the year: Panther Week, Homecoming, Teacher of the Month, Campbell Soup Label Drive, and Christmas Assembly. These are just a few activities that they sponsor to keep up "Peoria's Pride".

# CATCHING THE SPIRIT

Raising school spirit through dance is what the Pom line is all about and this season the line tried something totally new. They performed the entire halftime show with the band, which was not only fun but an enormous success.

Things haven't come easy to the line though. Many people don't realize the time put into Pom for they only see the final results. It requires plenty of hard work and dedication to reach goals set by the squad.

During summer vacation the Pom line attended the NCA National Cheerleading Association camp at NAU. During camp, the girls were taught better teaching techniques by working with each other as a team. They also learned ways to get others involved in school spirit and activities. But perhaps the most important thing learned at NCA was how to set goals and believe in ourselves to achieve them.

-Karla Kwaczala

## GOING STRONG

"We are the mighty, mighty green, yah! We are the mighty, mighty gold, uh!

That says it all, and is repeated all the time by our Varsity Cheerleaders. They know what PRIDE is and show it. It takes plenty of dedication, hard work and a lot of energy to make our squad come alive.

Practice started long before the school year even began. During N.C.A. camp the girls talked of their goals for the coming year and started to take action on them.

With their return home they brought two blue ribbons, and one red ribbon along with a spirit stick. They haven't slowed down a bit either. Involving themselves in Panther Pak, and all activities, Cheer has risen spirit and helped others get involved in our school. That is why Panther Cheer is number one.

## **VOICES UNDER THE STANDS**

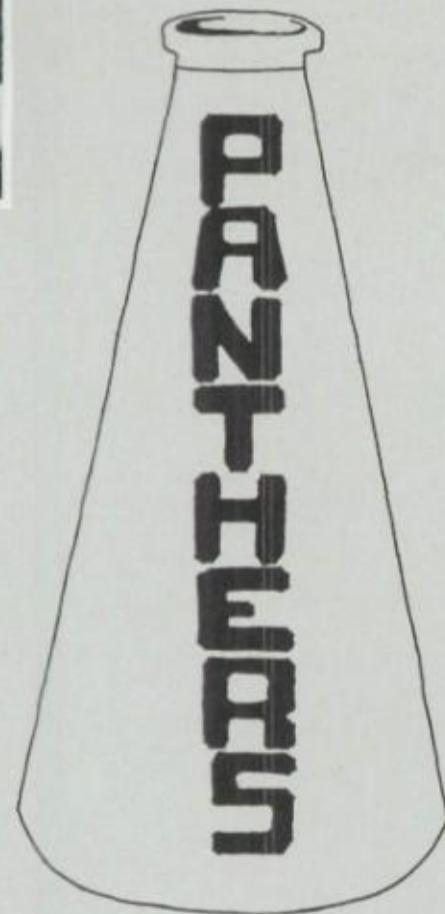

There's mumbling in the stands, the tense moment is about to come, the lights dim the crowd goes crazy the sign lights up while the crowd chants KISS, KISS, KISS, KISS, ... Oh! Huh? What? You mean I am supposed to be writing about J.V. Cheer, Oh, sorry guys.

There's a small voice under the stands, "You mean we have to go out there and cheer all by ourselves?" They sure did, and they did a great job.

Our squad did better than ever, they planned all their own activities, cheers, chants and kept spirits high by having spirit orientated sales instead of candy. Mrs. Bouer is the sponsor for the J.V., and says next years tryouts will be the toughest to judge because of the highly competitive cheerleaders this year.

Good luck girls, and watch out Varsity here they come!

-Christi Mantch

# MARCHING TO VICTORY!

You can hear the crowd yelling and screaming as the marching band runs out and forms the letters P.H.S.! The fight song follows and it can be heard miles away. This is one of the most spirited groups on campus, marching in white, green and gold and getting the crowd wild for our football players.

The Varsity Band performs many times a year. It is 130 members strong and still growing.

This year the band performed at the State Fair on Saturday, October 26th. They attended a competition at N.A.U. on November, 2nd and received two excellent and one superior ratings.

On February 20th, the band will participate in a World Premiere by doing a composition by Mr.

Fletcher.

The band has grown and achieved many things during the past years. For this we have to thank everyone who has participated in, or for this group. Without them, our band would not be #1! Special thanks to Mr. McCord!

# FLAGLINE

Just like other activities at school the FLAGLINE puts in their time helping raise our school spirit.

Two weeks before school started the Flagline, along with the Band, began learning and perfecting their routines for the half-time shows.

The purpose of the Flagline is to accent and add life to the music being played.

This years line is the biggest its' been in years. Its' grown from four girls in 1983 to eighteen. This years Flag members are: Tracy Bromley, Stacey Kenny, Carrie Wood, Misty Verdino, Angel Oakley, Vicki Eddings, Tracy Velet, Cyndi Neff, Tracy Reisenbegler, Tammy Bowen, Angie Riggs, Dana Eichelberger, Kim Madden, Angie Valentine, Jennifer Rust, Christina Juhas, Jeanette Benevez, Kelly Smith

# **UH! EXCUSE! ME!**

It's probably one of the most rowdie and spirited groups of people you'll ever find around our campus.

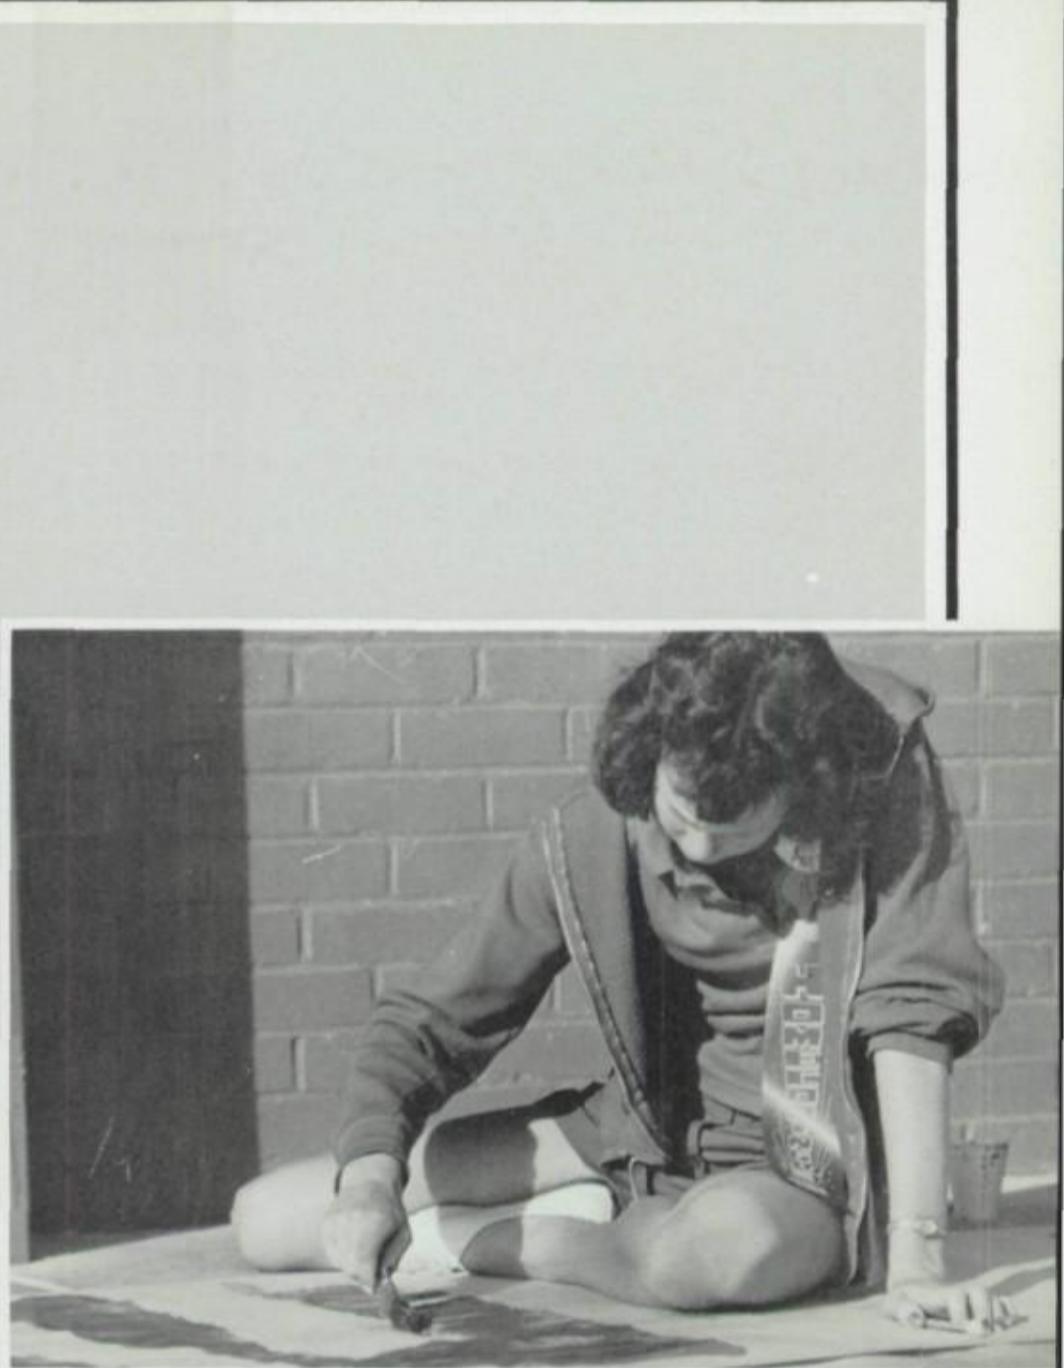

They're the people who make the posters and banners you see at Pep Assemblies, they also make booster badges for the team members of various sports. Most importantly they support every one of the teams and go to as many of the games and matches as possible.

This year Panther Pak is being represented by, President - Adrien Saunders, Vice President - Dean Fink, Secretary - Chenele Budd, Treasurer - Robert Graziano, and all of the members of Panther Pak. Ms. Solter and Mrs. Beilman are the sponsors for the club.

Panther Pak is open to anyone who is willing to put in their time to help raise our school spirit higher than it is already, and have a lot of fun doing it.

# A NEW BEGINNING

The Booster Club has been reborn thanks to the help from the parents of students at P.H.S. When Cactus High School opened, back in 1976, the Booster Club ended because many of the students changed schools. Now, our parents and the community has put forth the effort to promote more school spirit and give more support in all the activities. The P.H.S. faculty has also been very helpful and supportive.

The Booster Club members have set many goals for our school. They are to be more helpful and supportive and they are available for help in any area. They will also be giving out scholarships in the years to come.

We offer thanks to those who have started the Booster Club and for giving us a new beginning.

# VARSITY SLASHES AAA

"We have a lot of confidence, but I didn't know how our size would compete with AAA," says Deston Coleman, P.H.S. linebacker. Our size turned out to compete just fine. Peoria Panthers have entered AAA division and have had a very successful year. The Panthers defeated two important teams. One was the Kingman Bulldogs. "The victory meant revenge for the last three years," says Walter Krushinsky, P.H.S. Panther Back. The team felt even more revenge after defeating the Cactus Cobras in front of their home crowd.

Three main reasons responsible for the Panthers success is Marlo Cobos, Roy Mercado, and the War Pigs.

"Marlo Cobos success is trubet to his motovation," says Glenn Carvill, P.H.S. Center. To keep up his ability is by running on his spare time as well as weight training.

Marlo Cobos is not the only one who's having a successful year, but Roy Mercado, P.H.S. fullback is also. "He pushes himself to be the best football player he can be," says his running mate Marlo Cobos, P.H.S. runningback.

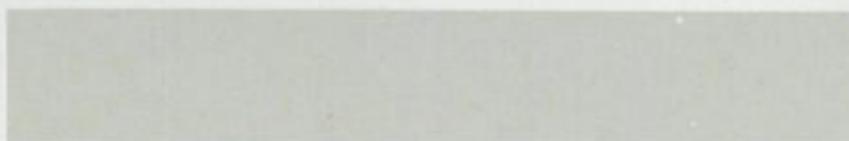

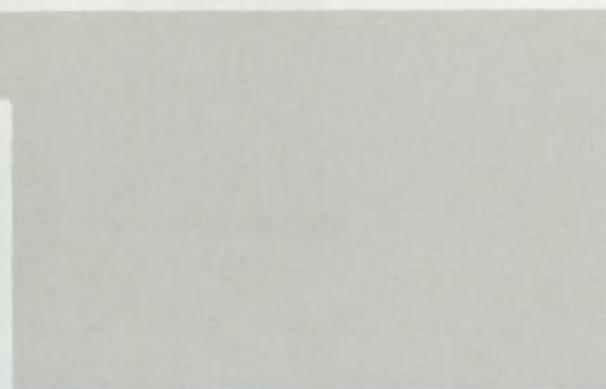

The War Pigs helped give P.H.S. with their successful year also. "The War Pigs were foureded this year and they are the powerful part of our defense," says Darren Gould, P.H.S. Center. Shane Whitelock, Deston Coleman, Robbie Hall, Wade Corson, Steve Peterson, Albert Diaz, and Dan Posey are the starting seven War Pigs.

"Peoria Panthers have showed the competitors they can beat any team they want to if we put our minds to it and to achieve our goals," says Robbie Hall. The Seniors of "86" fell pretty good this year, because it was their year to prove themselves in AAA.

# **THE MAKING OF A WINNER**

This year's JV team was headed by Coach Coleman and assistant Coach Smart, with Gilbet Peppin and Alex Moore as managers. The team consisted of 34 players, 5 of which were later pulled up to start for the Varsity.

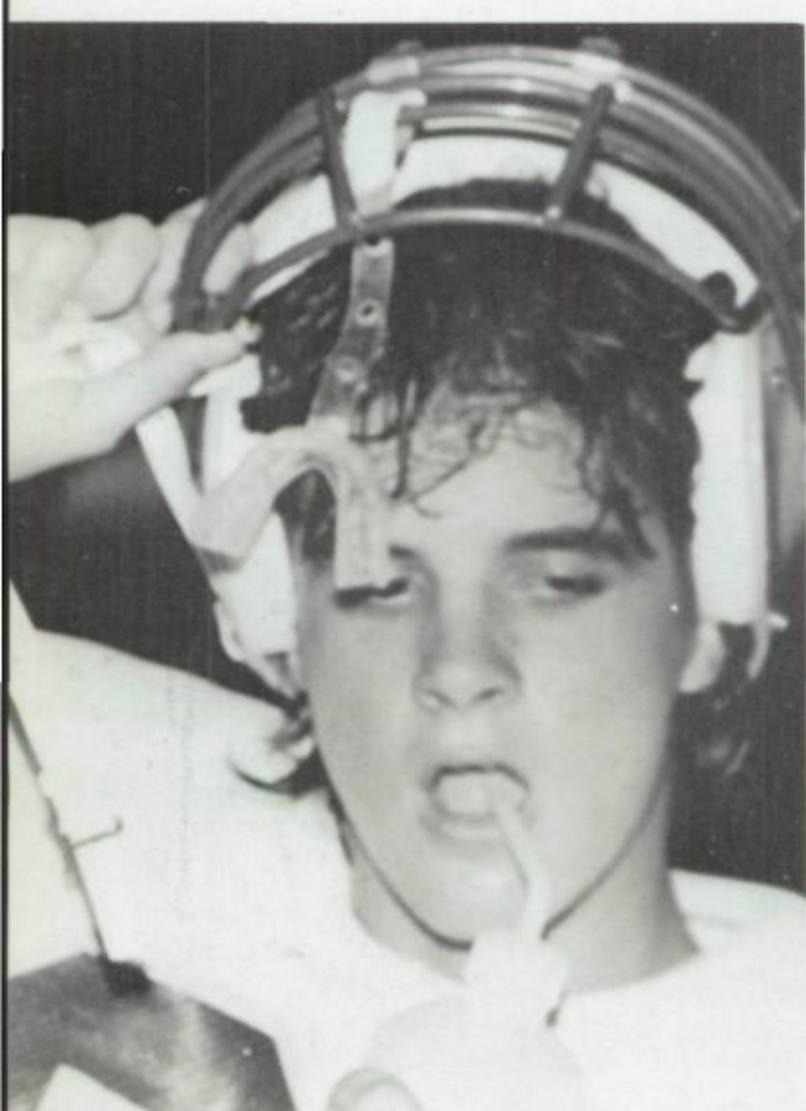

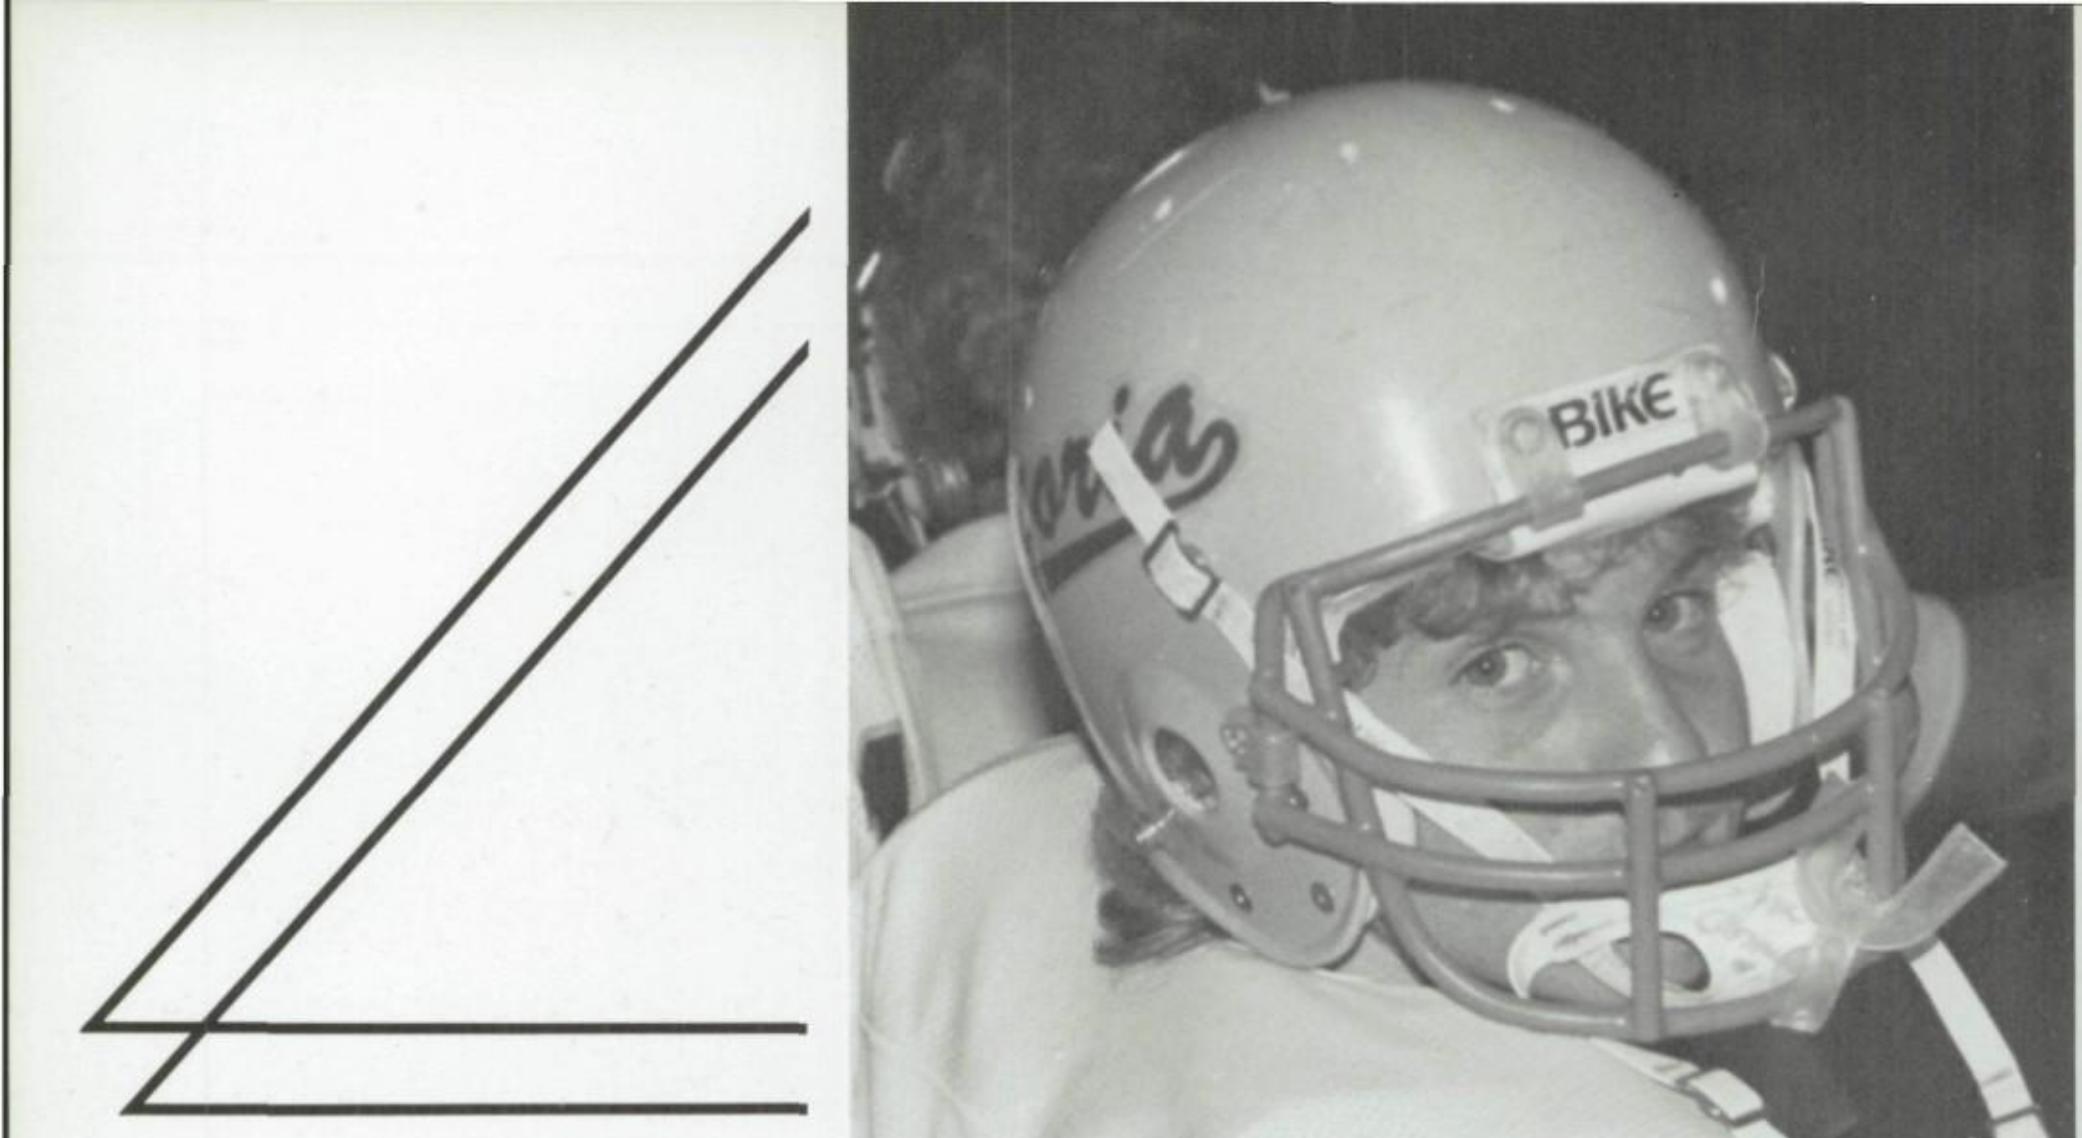

Their season began on Sept. 19 against Cactus. Although their overall record was two wins, seven loses, assistant coach Smart doesn't feel this does justice to the athlete's ability. "We had a very positive team," said Smart, "Even with a losing season, this team kept a winning attitude. That makes them winners!"

# FRESHMEN ARE HITTING HARD

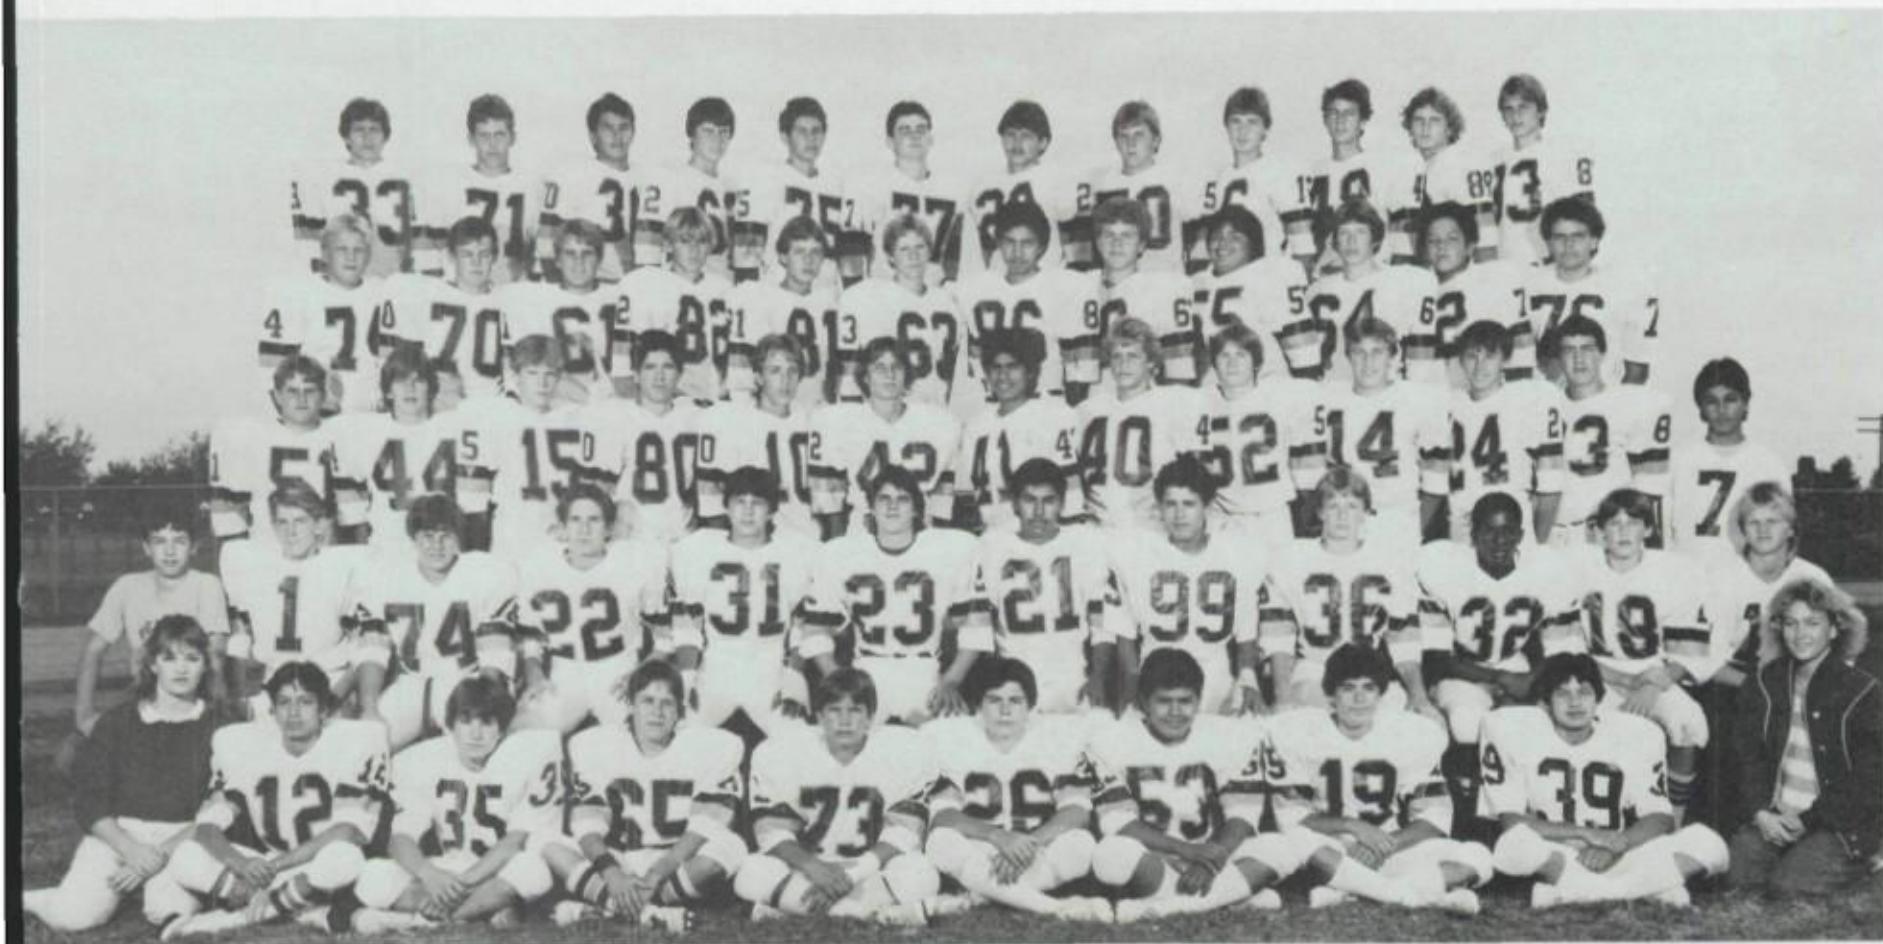

LARGEST TEAM IN P.H.S. HISTORY

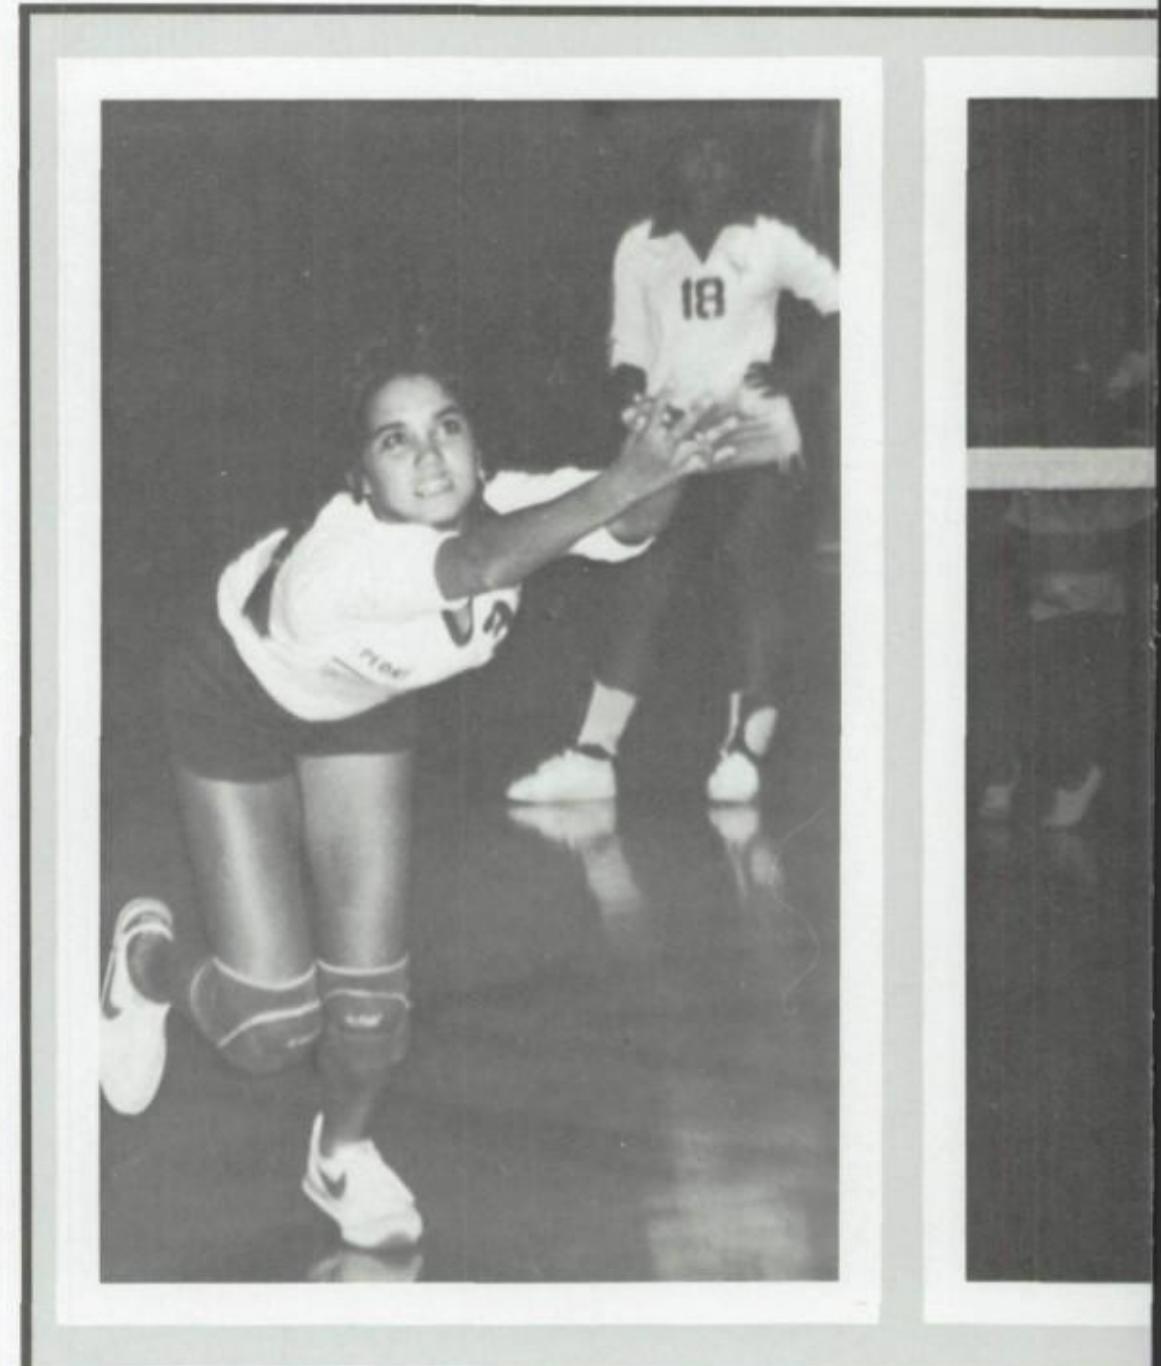

The Freshman Football Team is coached by Mr. Tony Bracciale, who is assisted by Mr. Bobby Gonzalo. With approximately sixty members, they are the largest freshmen team the Panthers have ever supported. Coach Gonzalo believes the team has "improved a great deal" since the season's opening, when he felt the freshmen lacked aggression. A coach at Maryvale High School called our players the "hardest hitting freshmen team I've ever seen."

The goals of these players are high, as they aspire to become members of future varsity teams. Players of notoriety are: Greg Cardenas, Tracy Colin, Jamie Esh, George Jackson, Brian Lundberg, Travis Mast, Richard Steg, Shawn Sullivan, and Herb Wiedoff.

## **ALWAYS TRYING**

Even before anyone wanted to begin thinking about going back to school, somewhere around the number of fifty girls were spending their evenings showing the Varsity Volleyball Coach everything they had, hoping they'd have enough talent to make the Varsity team. By the end of the first week of practice the Varsity team had been chosen. It was determined to be made up of twelve of the strongest players, consisting of three Seniors, eight Juniors, and one Sophomore. By the end of the season, the number of players sank to eight, due to injuries and illness.

Even though the team hasn't won a majority of their games, they are still a very strong team, and make their competitors work hard for the outcome of the game.

Considering that this years team is mostly made up of Juniors, next years team will be much stronger and more experienced in the sport.

# **HORSE TRAMPLED**

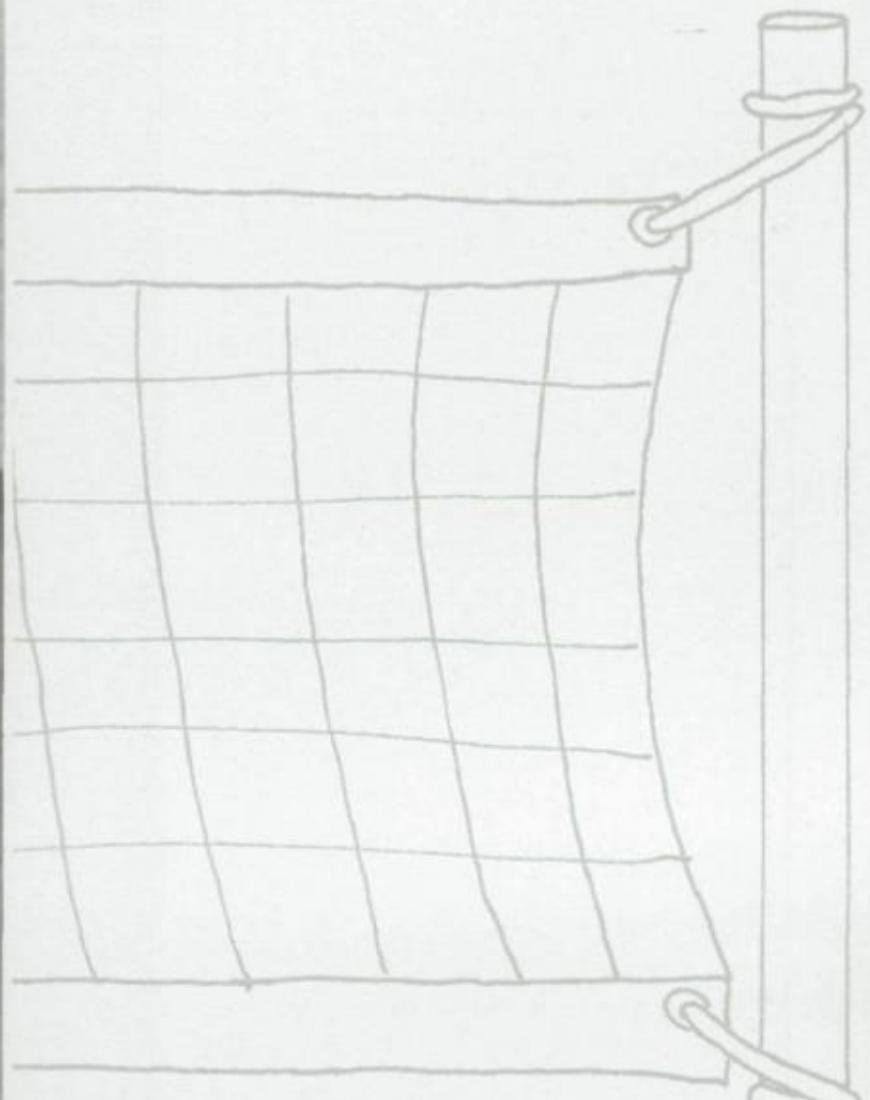

The Cortez Colts were the victims of the J.V. Peoria Panthers. They lost their first match but took the next two. All three games were very close but our J.V. put their effort into it and won with the Pride Panthers are known for. The leading scores were Lisa Booth, Tina Williams, Annette Apodaca, and Gina Salazar. The leading hitters were D'Anne Saloza and Annette Apodaca.

The J.V. record over all was nine-seven, but in the division they were five-five. The captains of the team were Tina Williams and FlynAnn Skeen, The manager was Beth Bowers.

With a semi-good record this year, our J.V. team will make an awesome Varsity next year.

Thanks for the effort girls, Good Job.

# **POWER**

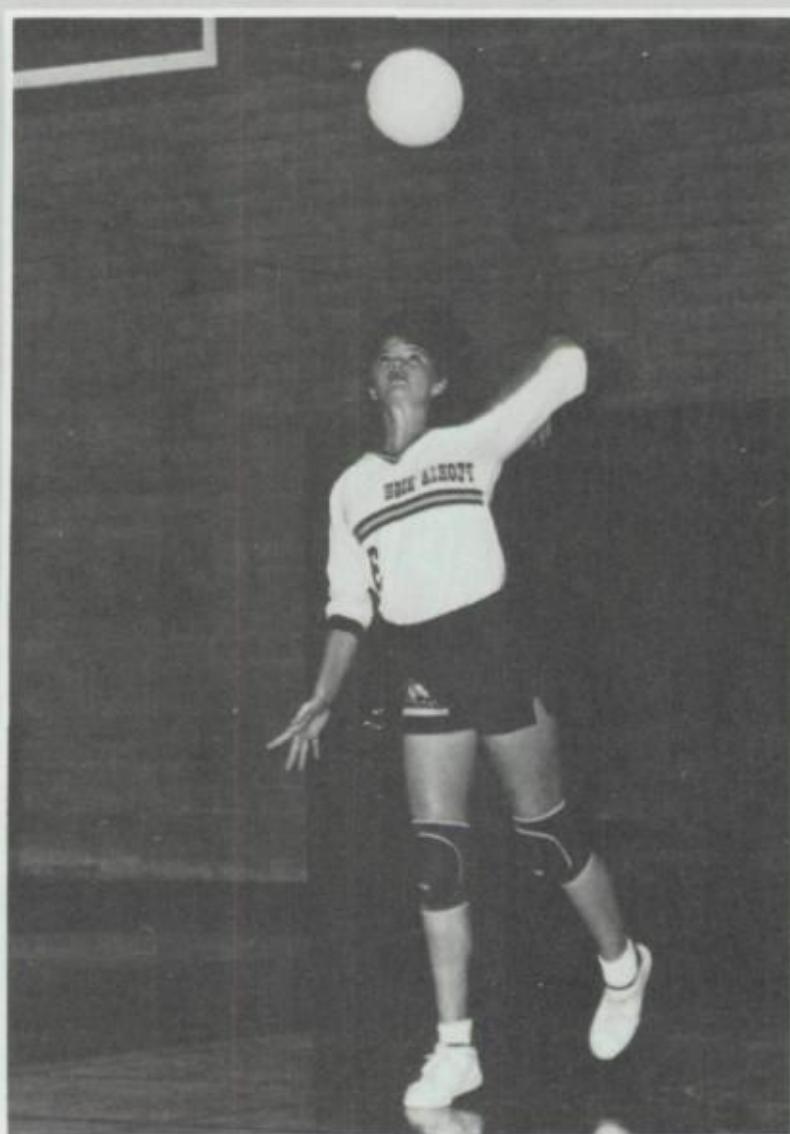

Outstanding pride and power are behind the 1985 Girls Freshman Volleyball team. Fine hitting and excellent serving have been the key to their success in most of their games and has resulted in a fantastic 12 and 0 record.

Coaches, Cherry Craig and Brad Skogland, take great pride in their talented athletes. They are well disciplined and possess a great defensive court awareness that has won them many compliments from opposing coaches!

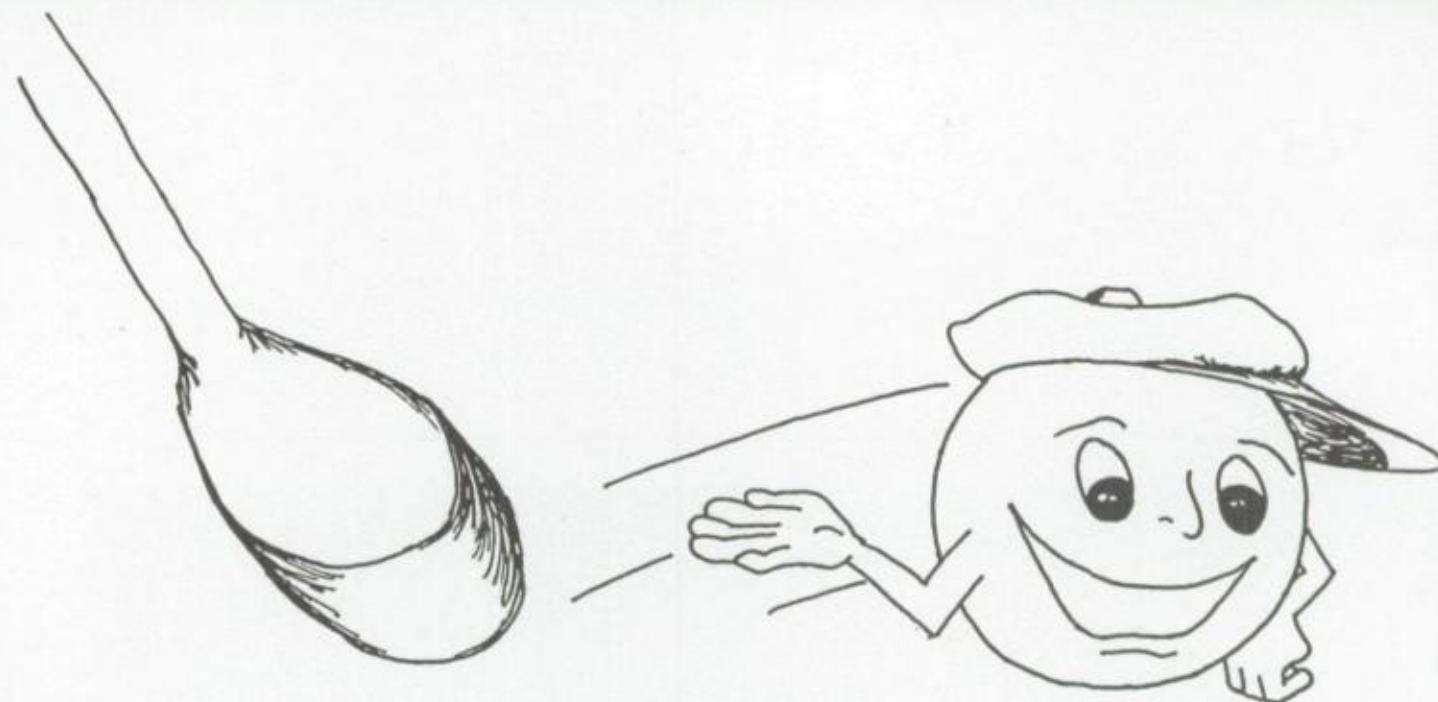

Our hats off to you, girls, for doing things only one way . . . the right way.

## WITH PRIDE IN THEIR SWING . . .

"I think we have a good chance to win the division," says counselor and golf coach, Mr. Tom Chavez. When asked if he feels our team could also become state champions he replies, "It would be tough. To win state you need five good golfers. We have three." The three good golfers he is referring to are juniors Chris Chavez, Matt Figueroa, and senior George Warren.

Matt is Athlete of the Month for October and so far has been medalist three times. To be medalist in a golf tournament, you must have the lowest score of all the competitors. George has received recognition as medalist twice and freshman Joe Robinson once. Another outstanding achievement belongs to Chris, who made a hole in one. "I bet if you asked everyone at school, not many have done that," comments Coach Chavez. Other team members who have done well are juniors Larry Hirose, Todd Burr, and senior Mike Long.

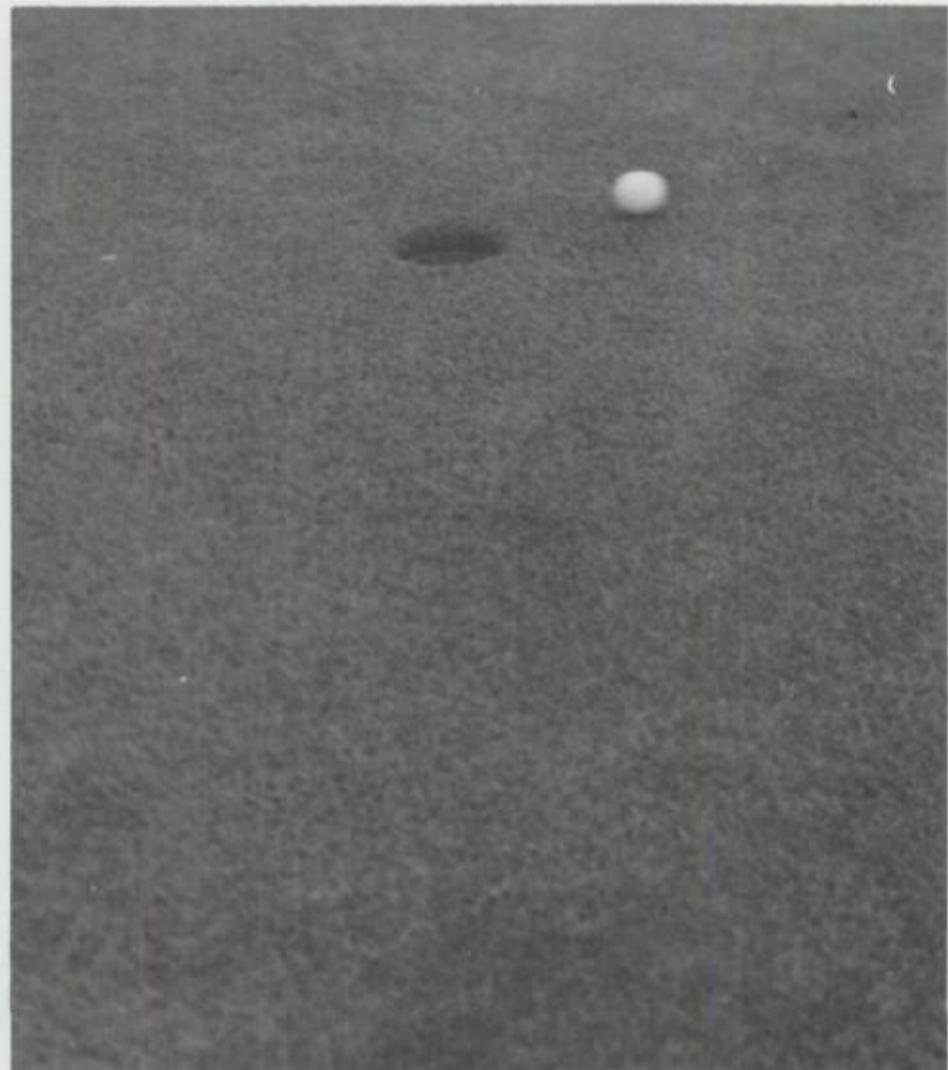

The team tees off at 3:30, Monday through Friday, on Country Meadows Golf Course. Coach Chavez believes next year's team will be even better than the 1985 team.

# A WILL . . .

It takes patience, effort, and support to become a successful Cross Country runner. One of the major goals that a Cross Country runner sets at the beginning of the season is to "never give up." The long practices every day result in building up speed and endurance. You cannot expect to become an excellent Cross Country runner on the first day of practice. It is something that you have to work into, and put in a lot of time at the same time.

The first couple of weeks of practice are very rough. They are the toughest because the beginning of the season starts in the summer and it is still reaching 111° outside. They also go through a lot of pain during the first couple of weeks. Many of the runners get shin splints and cramps. If you get through the first couple of weeks you are most likely going to be a successful Cross Country runner. Like the saying goes "When there is a will there is always a way."

## **GETTING INTO THE SPIRIT OF THINGS**

This year's Christmas assembly was held on December 20th. Students were dismissed from their classes and proceeded to the new gym. Once inside they swarmed together in groups of friends and according to classes.

"We hope to bring the student body together to feel the X-mas spirit," said Student Council, "to achieve better feelings toward other classmates and just to bring everyone a lot closer."

The student body was entertained by various activities; the band performance, dances by Pom and the dance class, a skit done by Student Council and Santa even threw gifts into the stands.

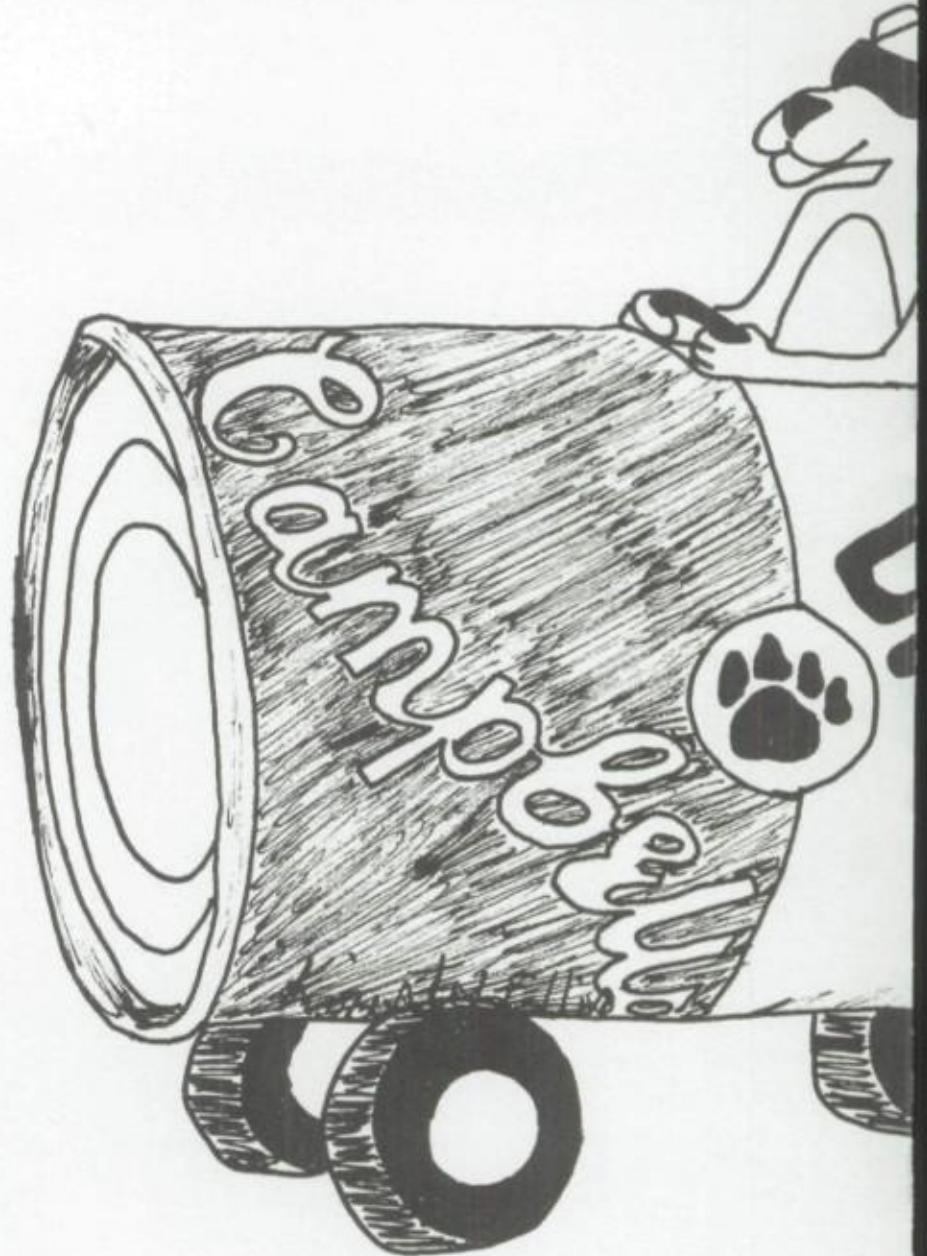

Much time is put into the planning of the assembly. Student Council members are placed in committees a few weeks before and everyone has a special job to do.

The assembly ended and everyone returned to their class.

## P.H.S. FOR PEORIA

The 85-86 Canned food Drive was a great success with 10,000 cans in all. 1,080 were gathered by the old Mr. Hill. All the proceeds go to the community of Peoria. This project has been alive and kicking for two years and will continue till cans are no longer made.

There also was a Campbells Soup Label contest, it to was a great success. There were 45,000 labels brought in. 13,000 were taken in by the ever so popular old Mr. Hill. Thanks Mr. Hill with your help and others. The Special Ed. Program will get all the supplies it needs.

Thanks everyone for your help it means alot.

## UPHOLDING TRADITIONS

Participation and a school full of spirit is what makes Spirit Week such a success. To get involved, students and teachers dress up according to what day it is. This year there were the following days: Hat Day, College Day, Surfer Day, Labor Day, and Color Day.

Games, and contests are held on the front lawn at lunch. Many students did show their support by joining in on the activities and dressing up.

Spirit Week has become a tradition at P.H.S., one that promotes student participation, and adds spice to the same old routine.

## SWINGING

At the top of the heap, Varsity proved to be better than ever with an ending league record of 10-4. The squad also established themselves into the 1st place position in Metro League.

## **UPWARD**

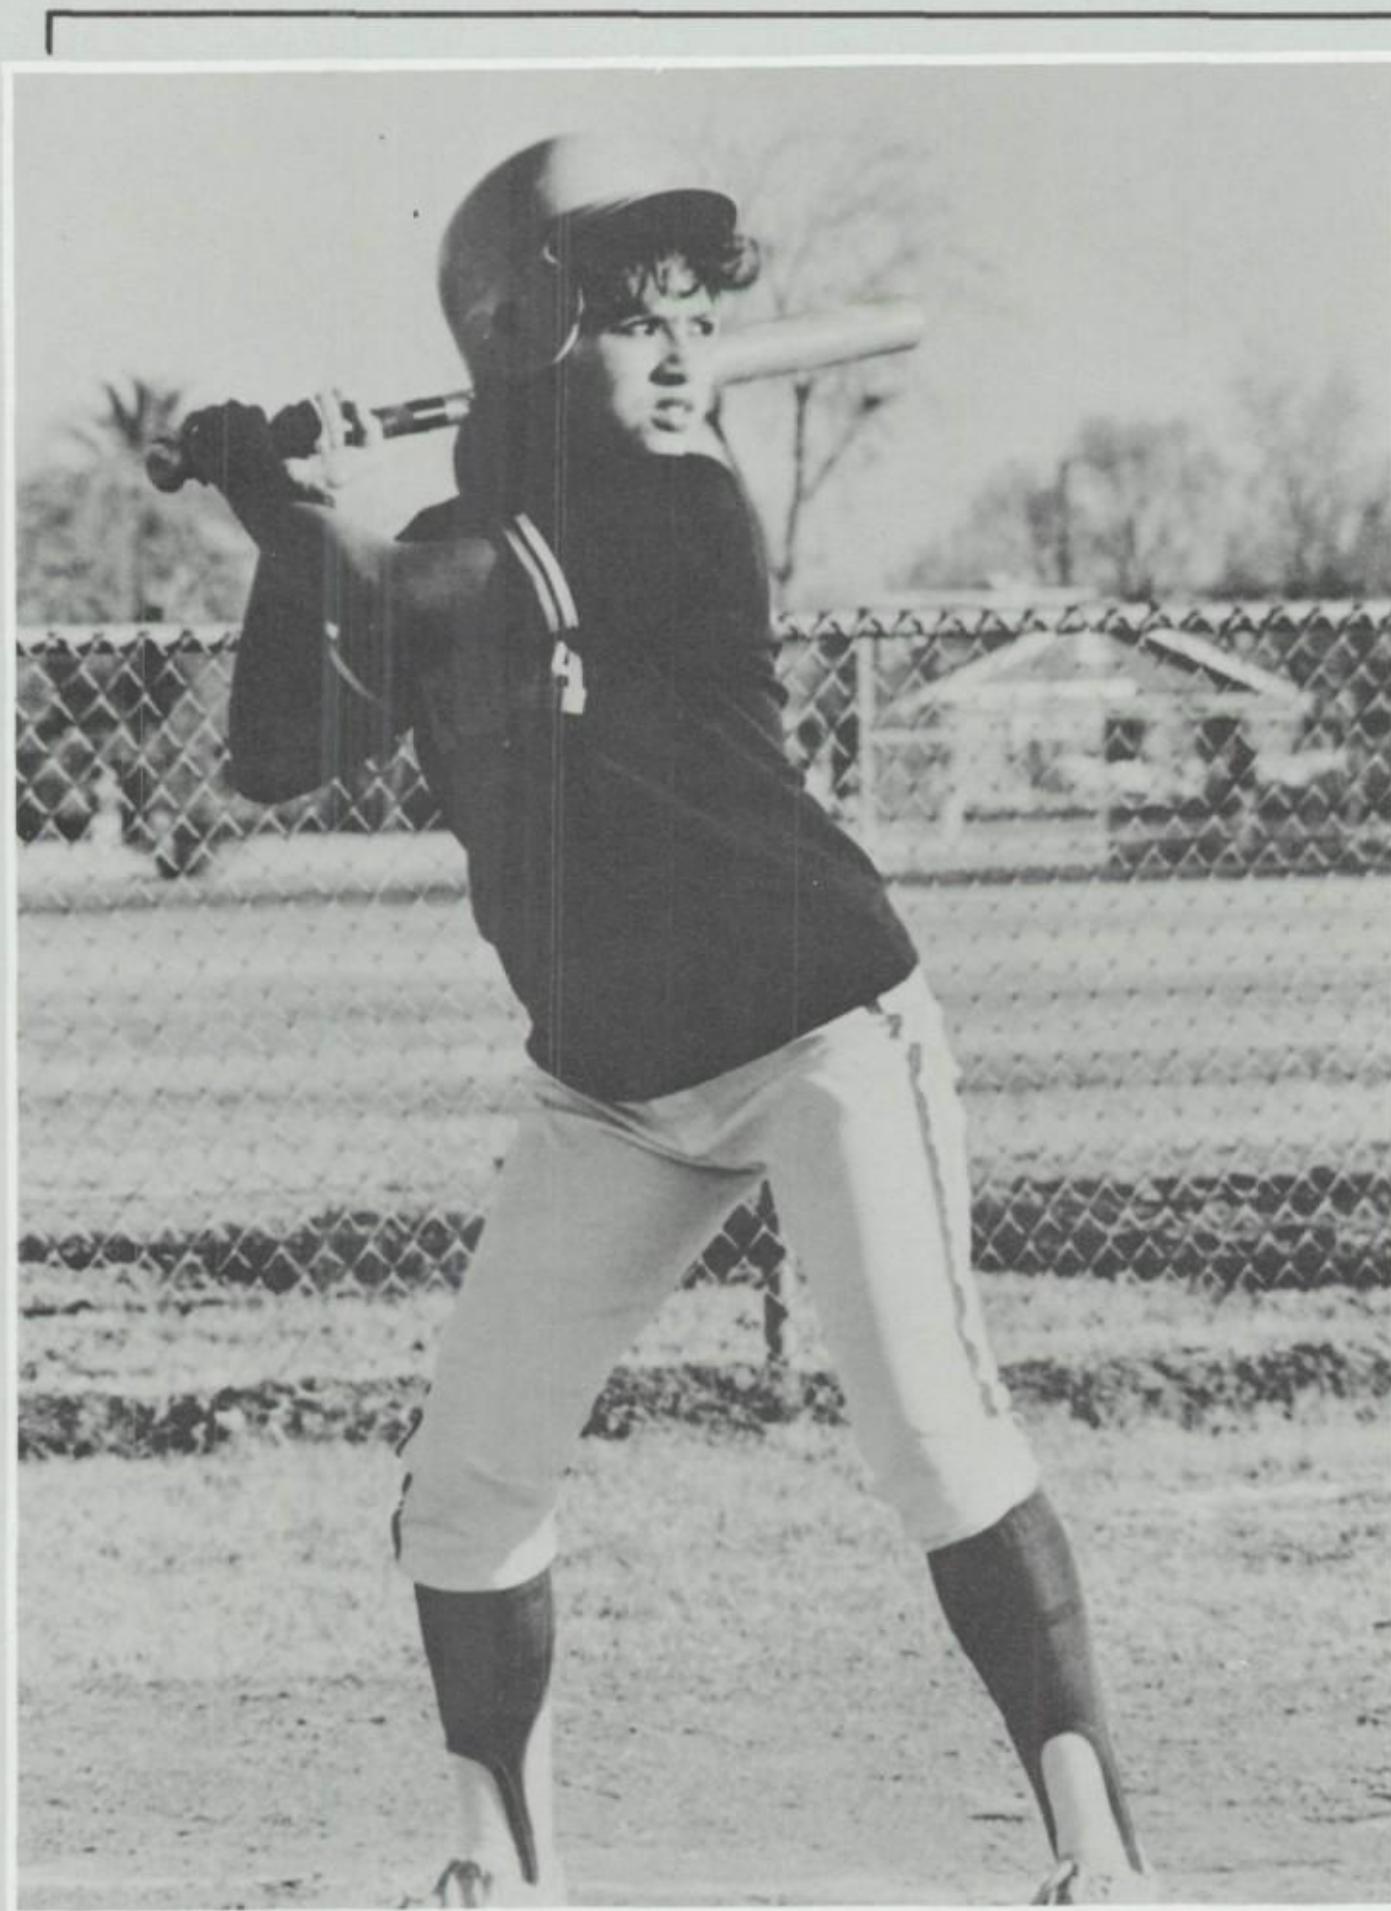

Consisting of so many different personalities helped to make this squad so unique. The J.V. team had a wide range of abilities and every girl was helpful in her own way.

Although the year started off slow, the team showed much improvement throughout the season. They looked HOT!

## **OUTSTANDING ACHIEVERS**

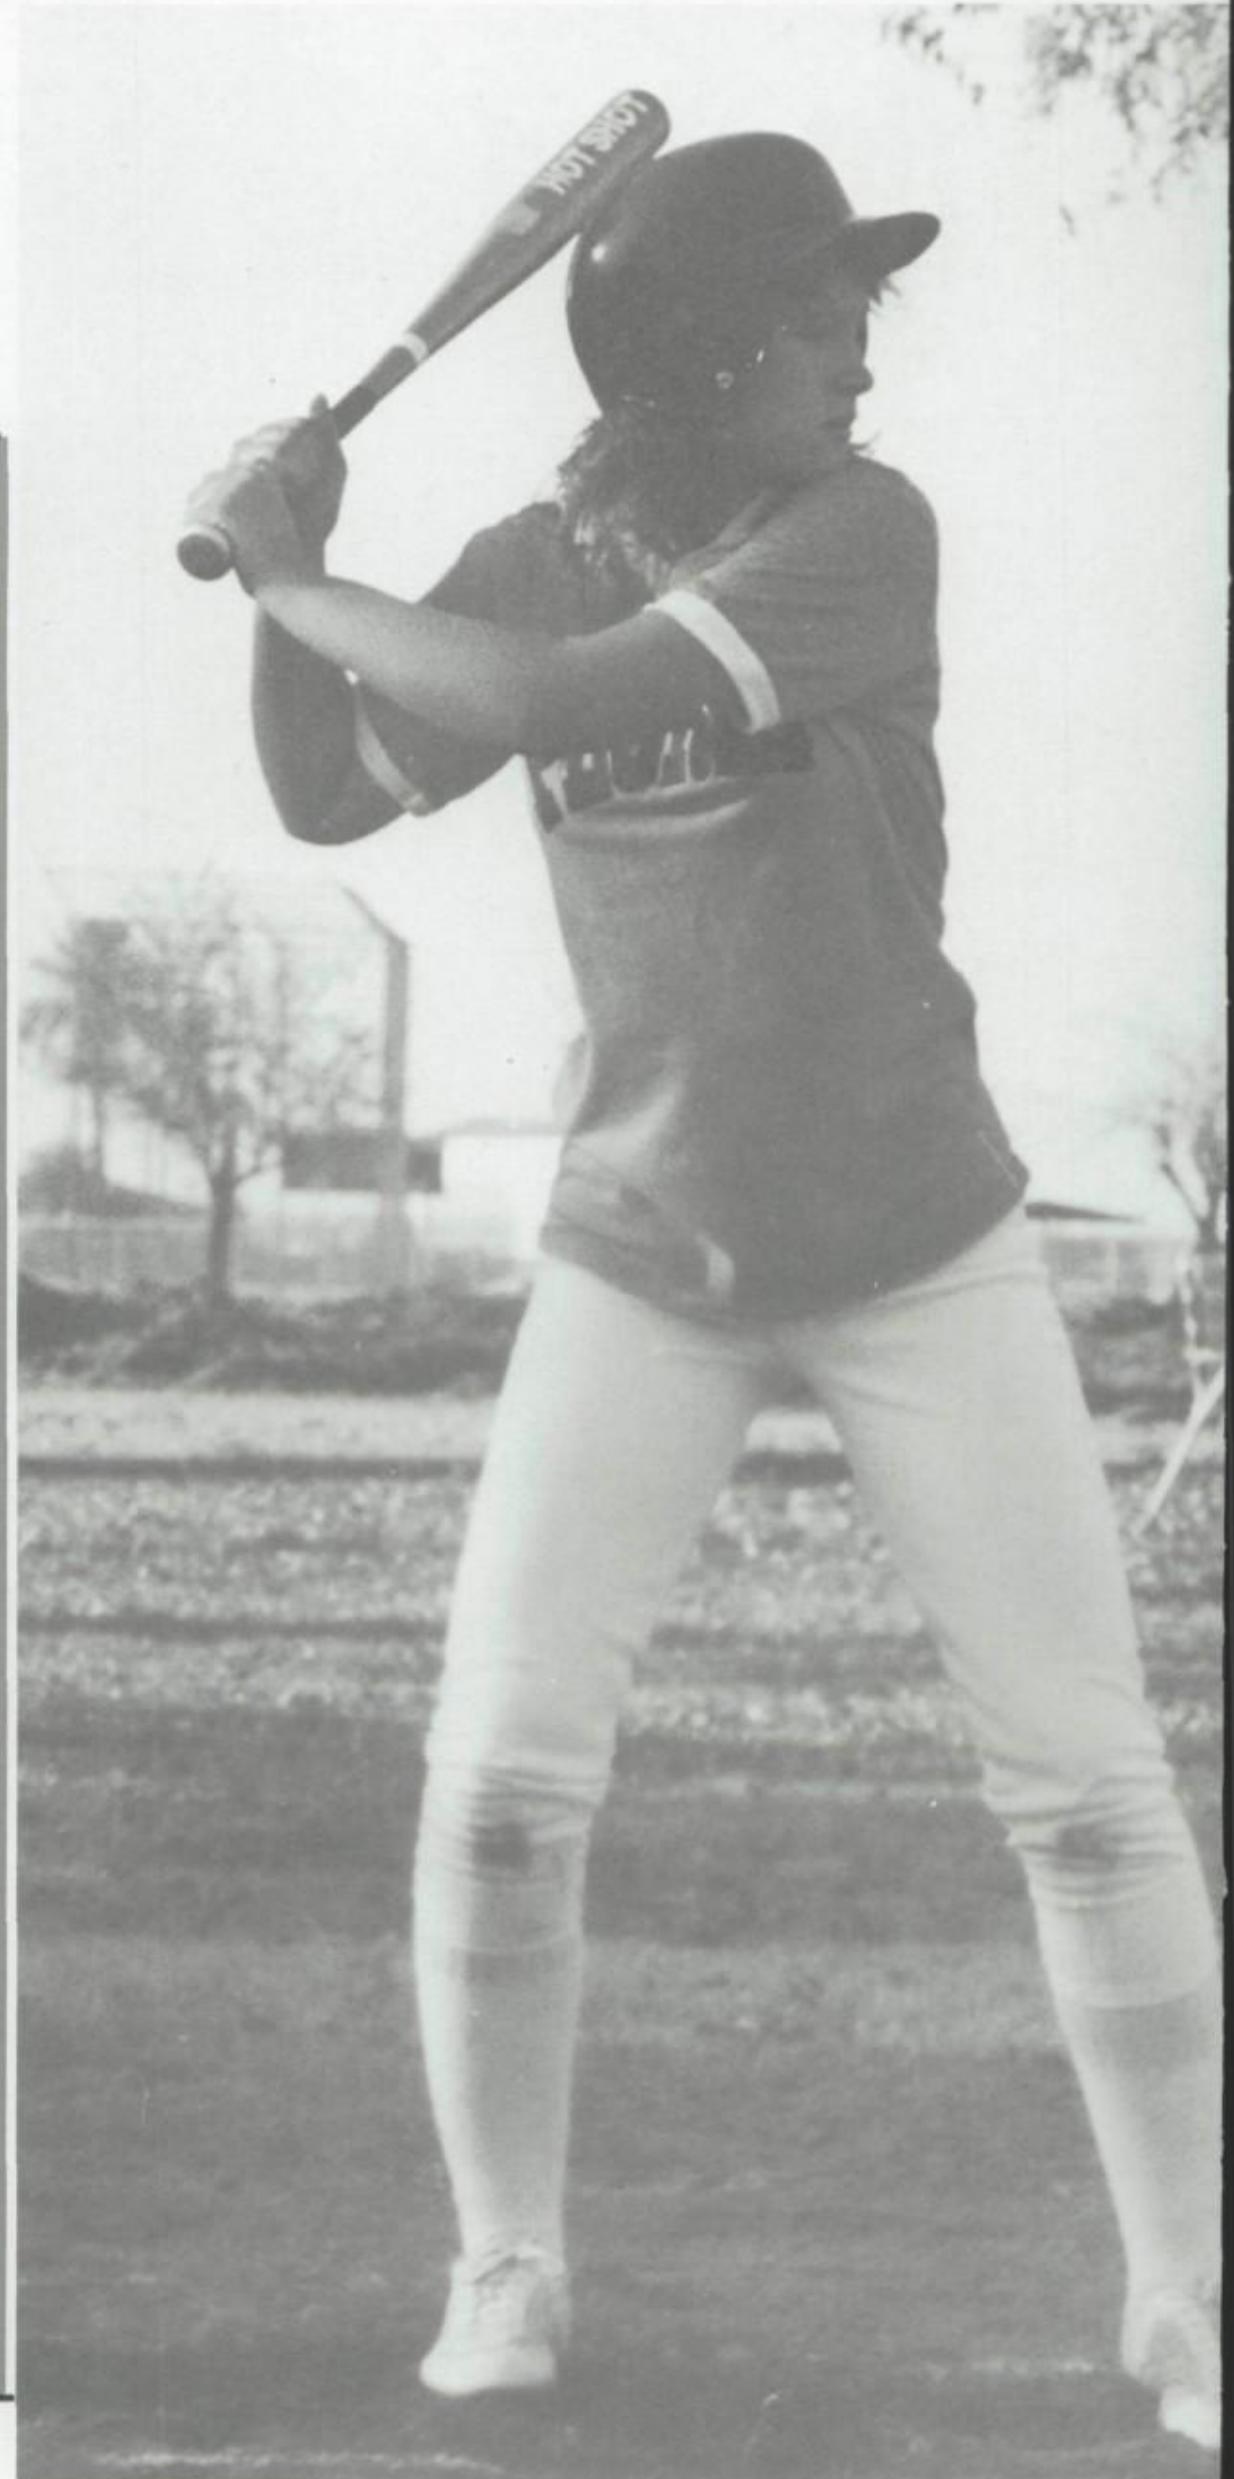

Sliding smoothly through the first season, Freshman softball ended up with an impressive record of 12-0.

At after school practices the athletes would receive a specific skill to be accomplished for the day. Repetitive drills allowed the girls to become proficient at this skill and perhaps more confident when game days arose.

Alisen Forbotten was noted to be the M.V.P. and every girl was unique in their playing ability.

This team proved to be excellent and will surely promote awesome years to follow.

## MAT MAIDS

Win, Pin or Die! yes, that's the motto for the wrestlers but what about the mat maids? They are sponsored by Mr. Gonzalo and Ms. Solter. It takes a lot of work to be a mat maid and they deserve some recognition.

The mat maids are responsible for keeping score, running the concession stand, and taking the time during the matches. A lot of pressure is put on them but it is also a lot of fun.

To become a mat maid you must first submit an application at the end of the year, and if you are chosen you become one the following year. Each mat maid gets to select a wrestler to be 'her' wrestler for the season. This is a form of encouragement for the wrestlers and involvement for the mat maids.

Being a mat maid is a great way to become involved in the school as well as a great way to meet new people.

## **"BY INVITATION ONLY!!!!"**

Peoria Panthers Go Undefeated!!!

There was a bridge over troubled waters in Lake Havasu while Peoria Panthers take Team Champions at the Lake Havasu Dual Meet Tournament on December 6th and 7th.

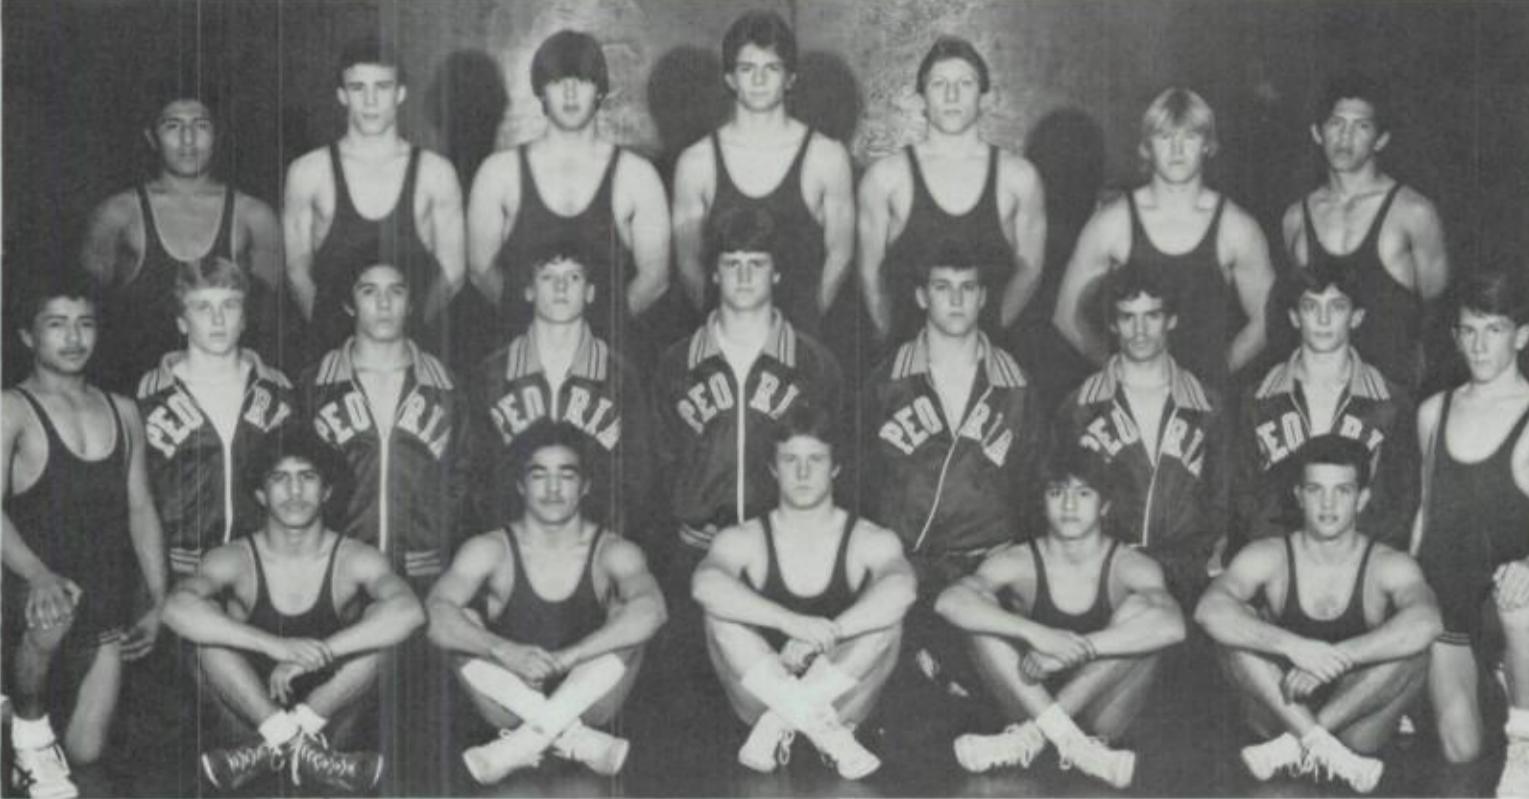

When leaving Lake Havasu City, our wrestlers were singing "London Bridges falling down, falling down, falling ..."

Not only did the Peoria Panthers take first place at Lake Havasu which coach Bobby Gonzalo felt was one achievement, but they also took first place at the Buckeye Invitation, which was the other achievement.

The first place finishers at the Buckeye Invitational were Tom Roth, Ivan Alcantar, Ernie Molina, Richard Reyna, and Steve Peterson.

But also placing was "Gould" (Darren Gould) who finished second.  
So although the Buckeye Hawks took a dive, the Panthers keep leaping on.

## ***"WHERE TO NOW"***

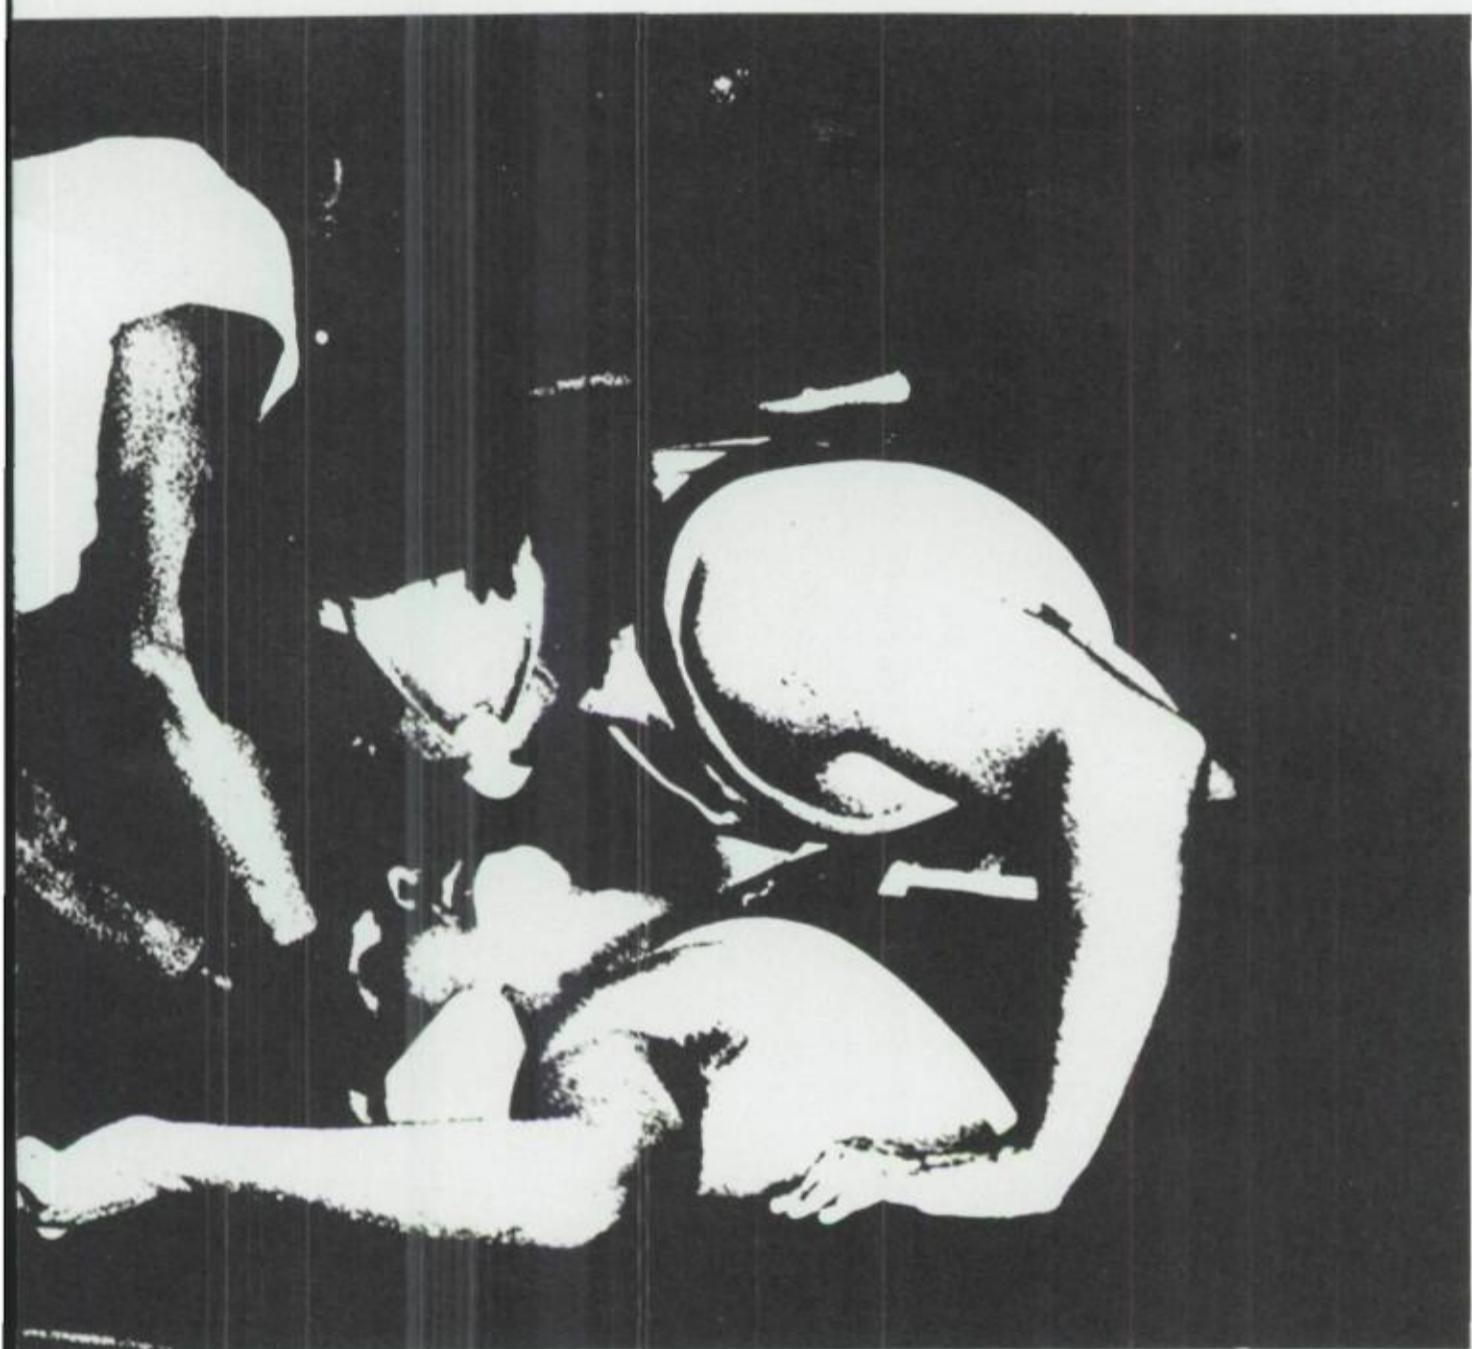

What is the Next Step??

They start as little Freshmen and move up to J.V. to Varsity. But to get to Varsity you have to be a good wrestler and know all the moves, plus learn new moves to improve. It takes step by step!!!!

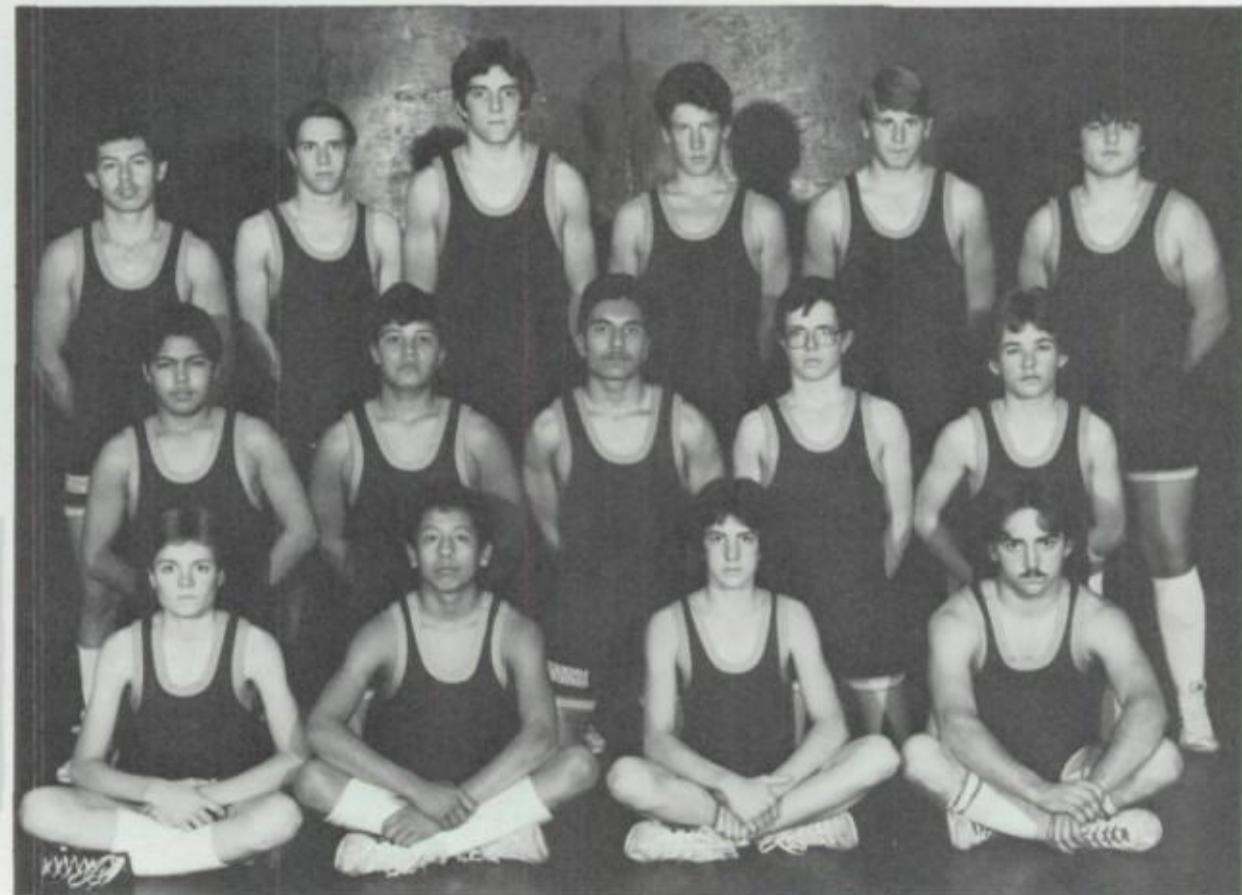

All their hard work and determination pays off in the end.

# **100%** **ALL THE** **WAY**

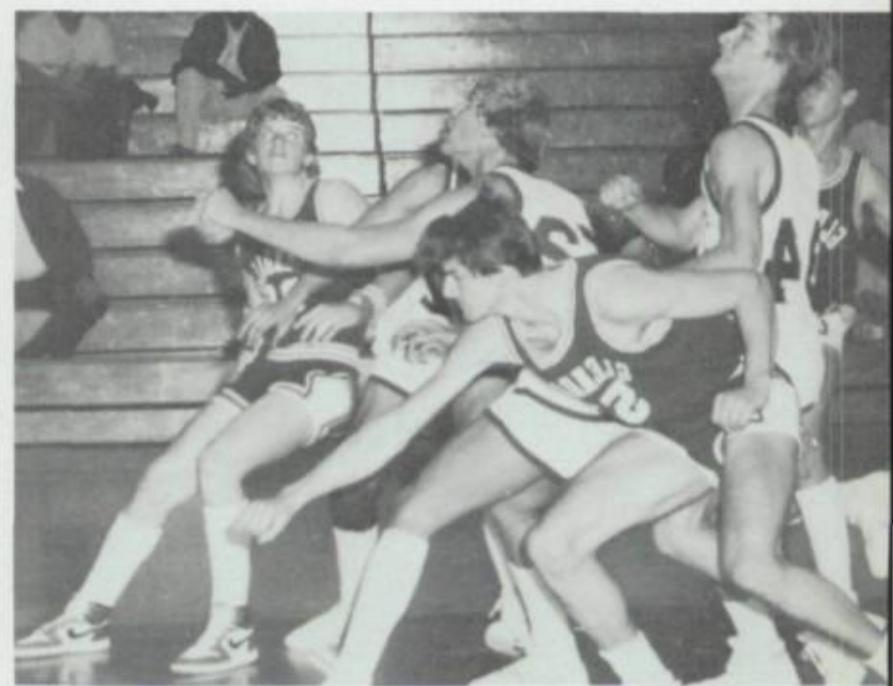

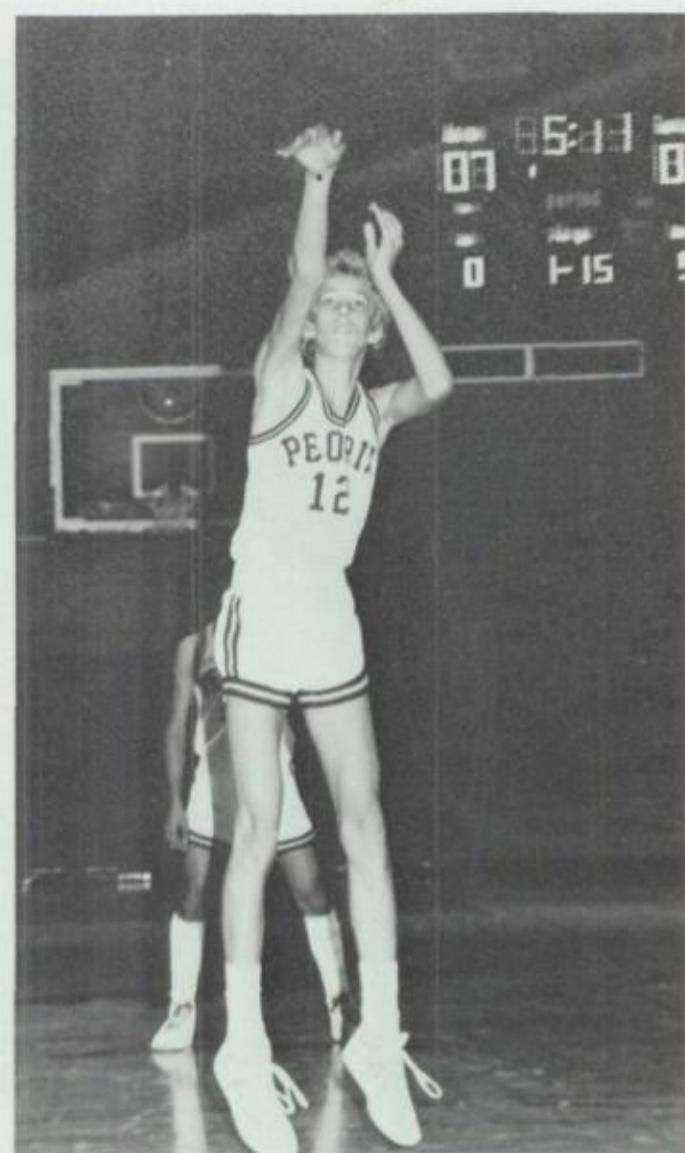

This year's Varsity Basketball team consisted of 13 players. Their overall score for the season was 3-7, although they had hoped to be .500 in the division and to make the Divisional Tournament.

"It's been a tough season," said coach Ritz, "but the team worked hard the whole year. They gave 100% every time out."

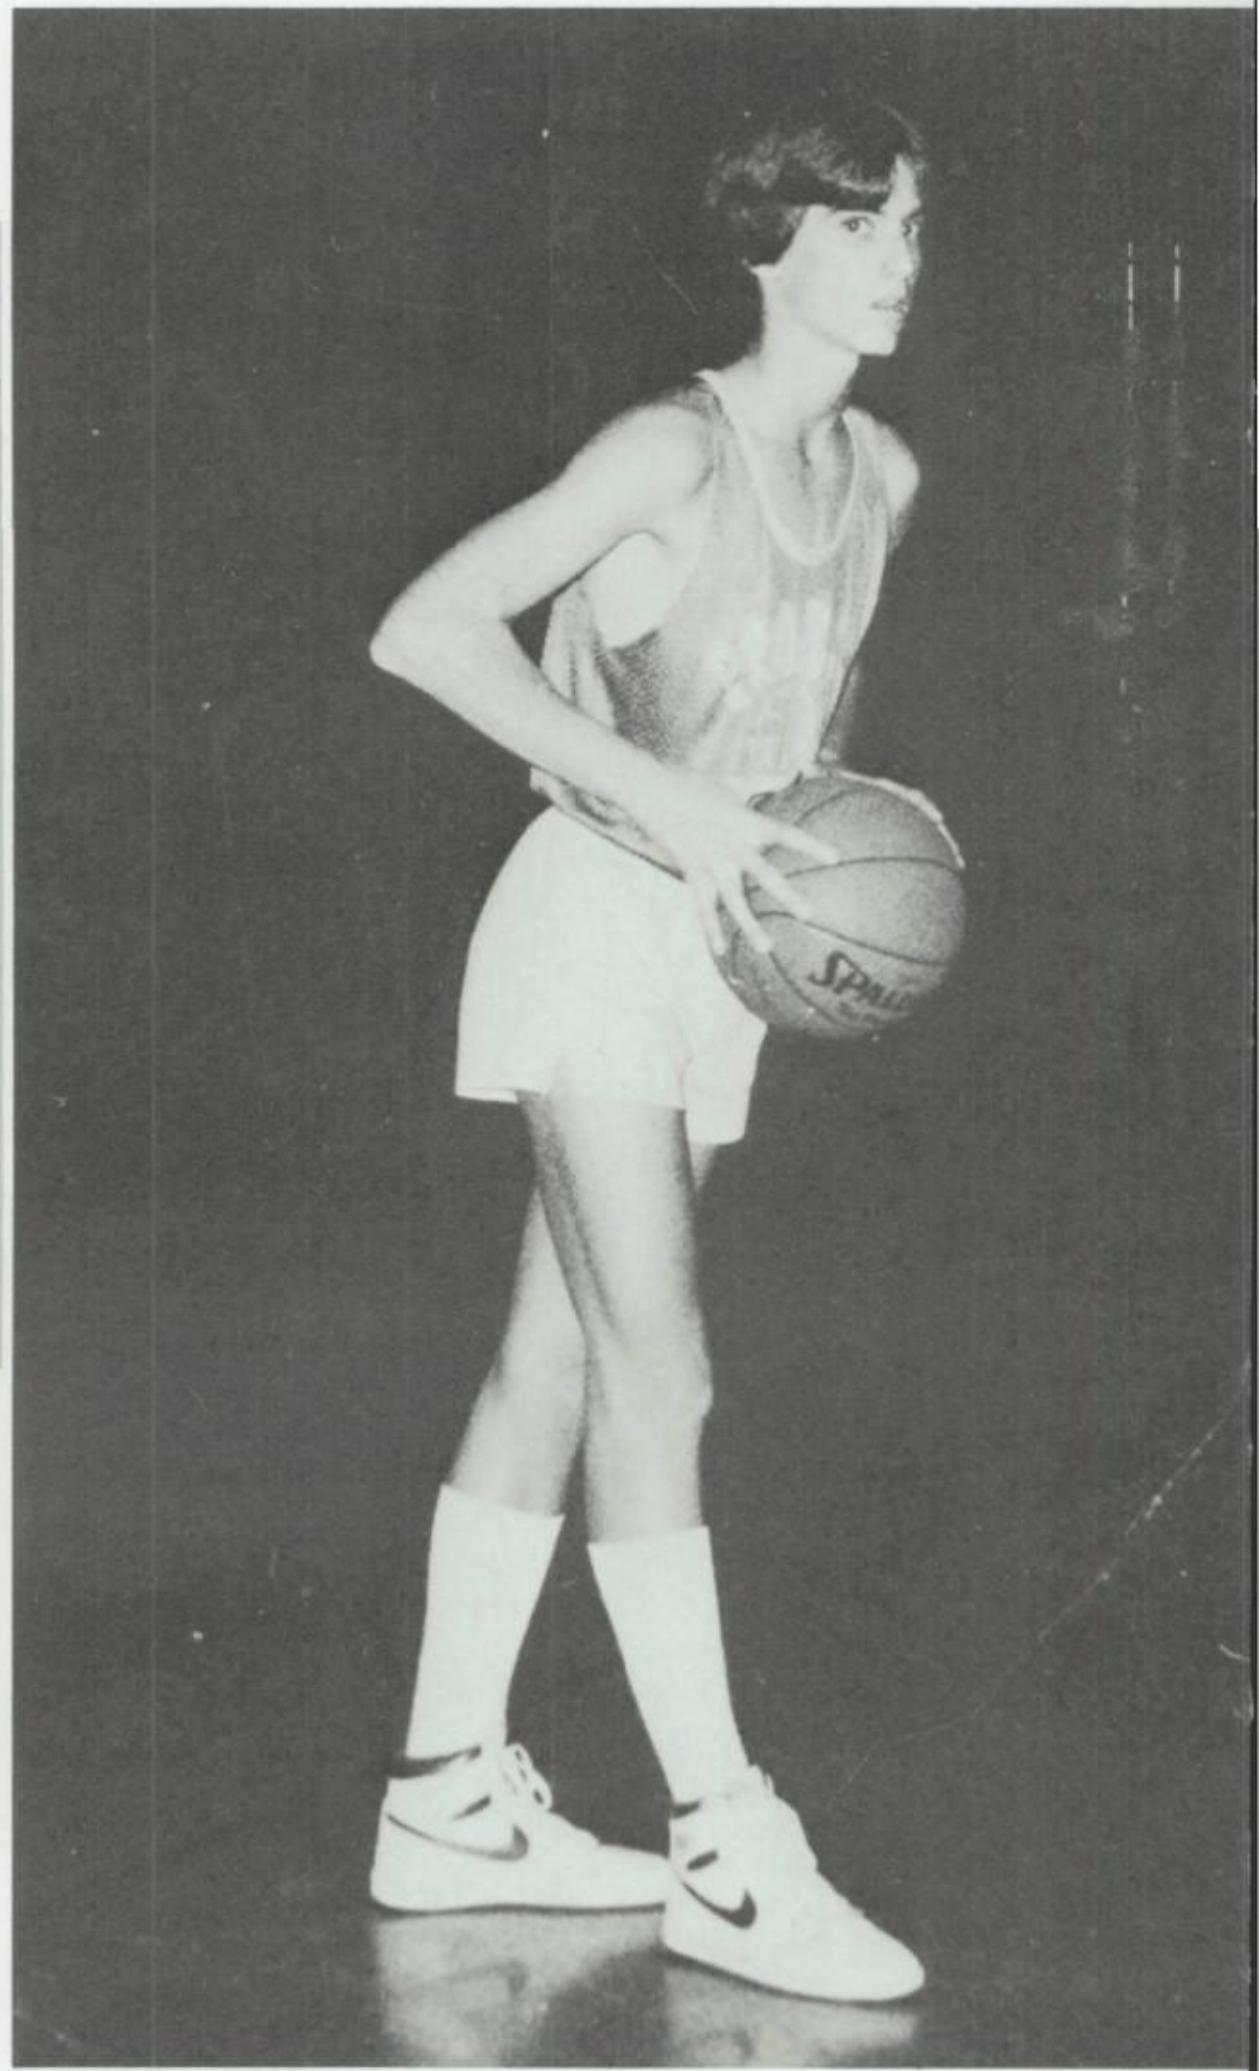

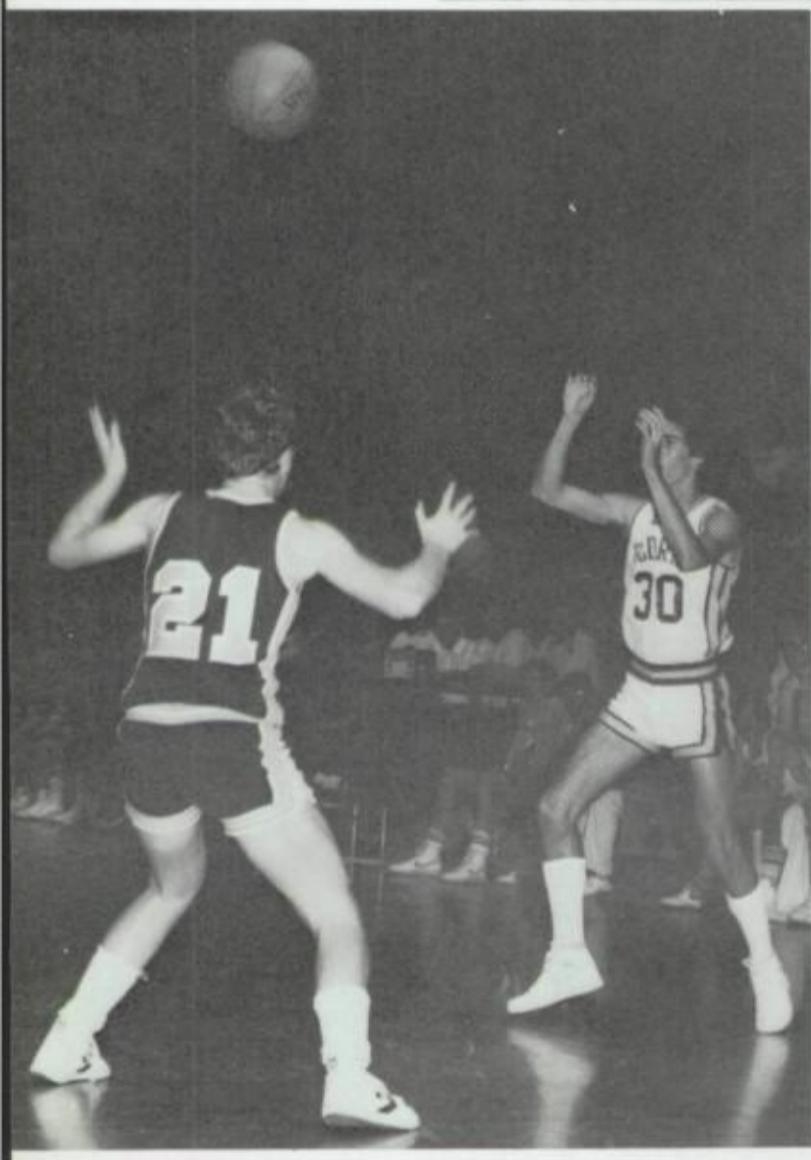

Those to receive special recognition are as follow; Rick Gutierrez-Senior, Derek Peck-Senior and Matt Figueroa-Junior.

## **SUCCESS: A TWO LETTER WORD-JV**

Thirteen players made up this year's JV Basketball team.

During one of the games of the season, Peoria played Agua Fria. Although they lost on Agua Fria's home court, at a Peoria home game the JV team out-played and out-scored them by 10 points. Everyone considered this a great achievement.

"Three players were pulled up to Varsity halfway through the season," remarked coach Rawlings, "Some of the players had to learn new positions and roles for the team to be successful. They responded and we had a great season!"

*SCIENCE*- The clubs primary goal is to promote an interest in science among students. Science Club tries to promote this interest by various projects. These include book scholarships, Field trips, and science fair projects.

*SEARCHERS*- This organization is interested in helping those students who want to research their family history. Searchers Club also works closely with the heritage of Peoria and the high school.

*SPANISH*- The purpose of Spanish Club is to expose students to the Hispanic culture and to encourage students to learn the Spanish language.

*SWIM*- The purpose of the Swim Club is to develop interest and to see how much commitment there is to swimming, so that Peoria might have a girls swim team next year. The club is very successful and we took eleven people to divisionals. Because of the girls dedication and hard work, Peoria is going to have a girls swim team in '86 - '87!

*THESPIANS*- Thespians is an international organization dedicated to the promotion of secondary theater. Enrollment is open to all students once the service requirements have been met.

**YOUTH ARC**- Youth ARC is a group of students who are interested in providing Mentally Handicapped students with a big brother/big sister relationship on campus. They plan special events such as holiday parties and dances, and experiences such as taking the students out to dinner or on a shopping trip to one of the malls. Youth ARC also volunteers to help with the Special Olympic events.

**V.I.C.A.**- The Vocational Industrial Club of America was started to promote leadership in students interested in health related careers. Activities include field trips, speakers, and skill olympics.

# GOALS TO SET . . .

FFA succeeds in an eventful year! Some of the events sponsored were: the GCC Field Day, the U of A Field Day, the District Parliamentary Procedures competition, FFA Week, the Mini Leadership Camp, the Maricopa County Fair, Public Speaking, and the Slave Sale.

The Future Farmers of America have many aims and purposes which can be narrowed down as "The development of Agriculture leadership, cooperation, and citizenship. These three things are left extremely broad to encompass all that is taught and learned by FFA members, and Voc-Ag students.

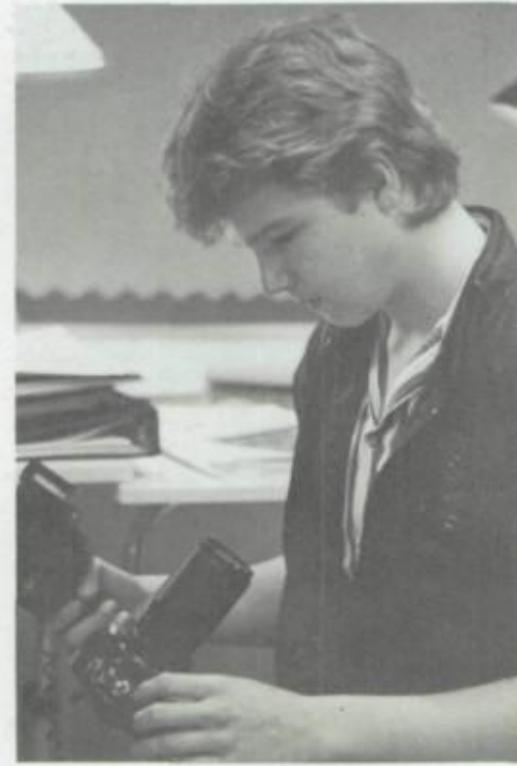

The Peoria FFA chapter has achieved many goals throughout it's many years. Still each year new goals are set. Our goals for this year are: receive a gold national chapter award, receive a National Farm Safety Award, receive a National B.O.A.C. Award, and to have as many teams as possible to participate in the State Field Day, held for FFA members.

## **PROWLING THE NEWS**

Tremendous amounts of time, and hard work go into publishing the Prowler, our school newspaper. It is published once a month to let P.H.S. know of world, national, state, city, and campus news.

Some people wonder why the Prowler is not published more often. Maybe this will help explain it. To make just one issue of the paper: two weeks are used for interviewing and writing the stories, one week for editing, and one week for layout. The wait is worth it though, because there are always such outstanding results.

This year the Prowler staff will be going to the JEA Convention in Tucson, where they will be attending classes on how to continue making our paper the best.

The Prowler was number one in the state last year. With a lot of talent, and hardwork our paper is sure to make it to the top two years in a row.

## JAZZ BAND

These are the top musicians at P.H.S.! It takes a lot of hard work and dedication to become a part of this group. Auditions are held and this helps to determine who will be in this group.

The Jazz Band plays at the assemblies after football season, basketball games, dedications, banquets, elementary schools, and much more. They even played some professional jobs in Sun City.

This group entered a competition at N.A.U. on January 31st to February 1st. They came home with an excellent rating and much congratulations to them!

## ROTC

R.O.T.C. has many functions in our school. They raise our flag, perform at our games, march at our parades, and a lot of other things we don't notice. Though their reward is small now they have their greatest reward at the end of the year when they hold their Military Ball. At this Ball a King and Queen are selected along with a court. Have a good time at the Ball and thanks for all you've done.

Jazz done right by the 85-86 Jazz Factor. They work hard but when they sing and it looks easy as a matter of fact it looks fun.

They practice during lunch in the morning and whenever else they can. They perform at school and other organizations. They recently went to ASU for a seminar where they learned a lot about dancing, singing, and themselves. Out of all the performers there Peoria's Jazz Factor was the most energetic.

Keep smiling guys it makes all the difference.

## **CHAPTER 3508**

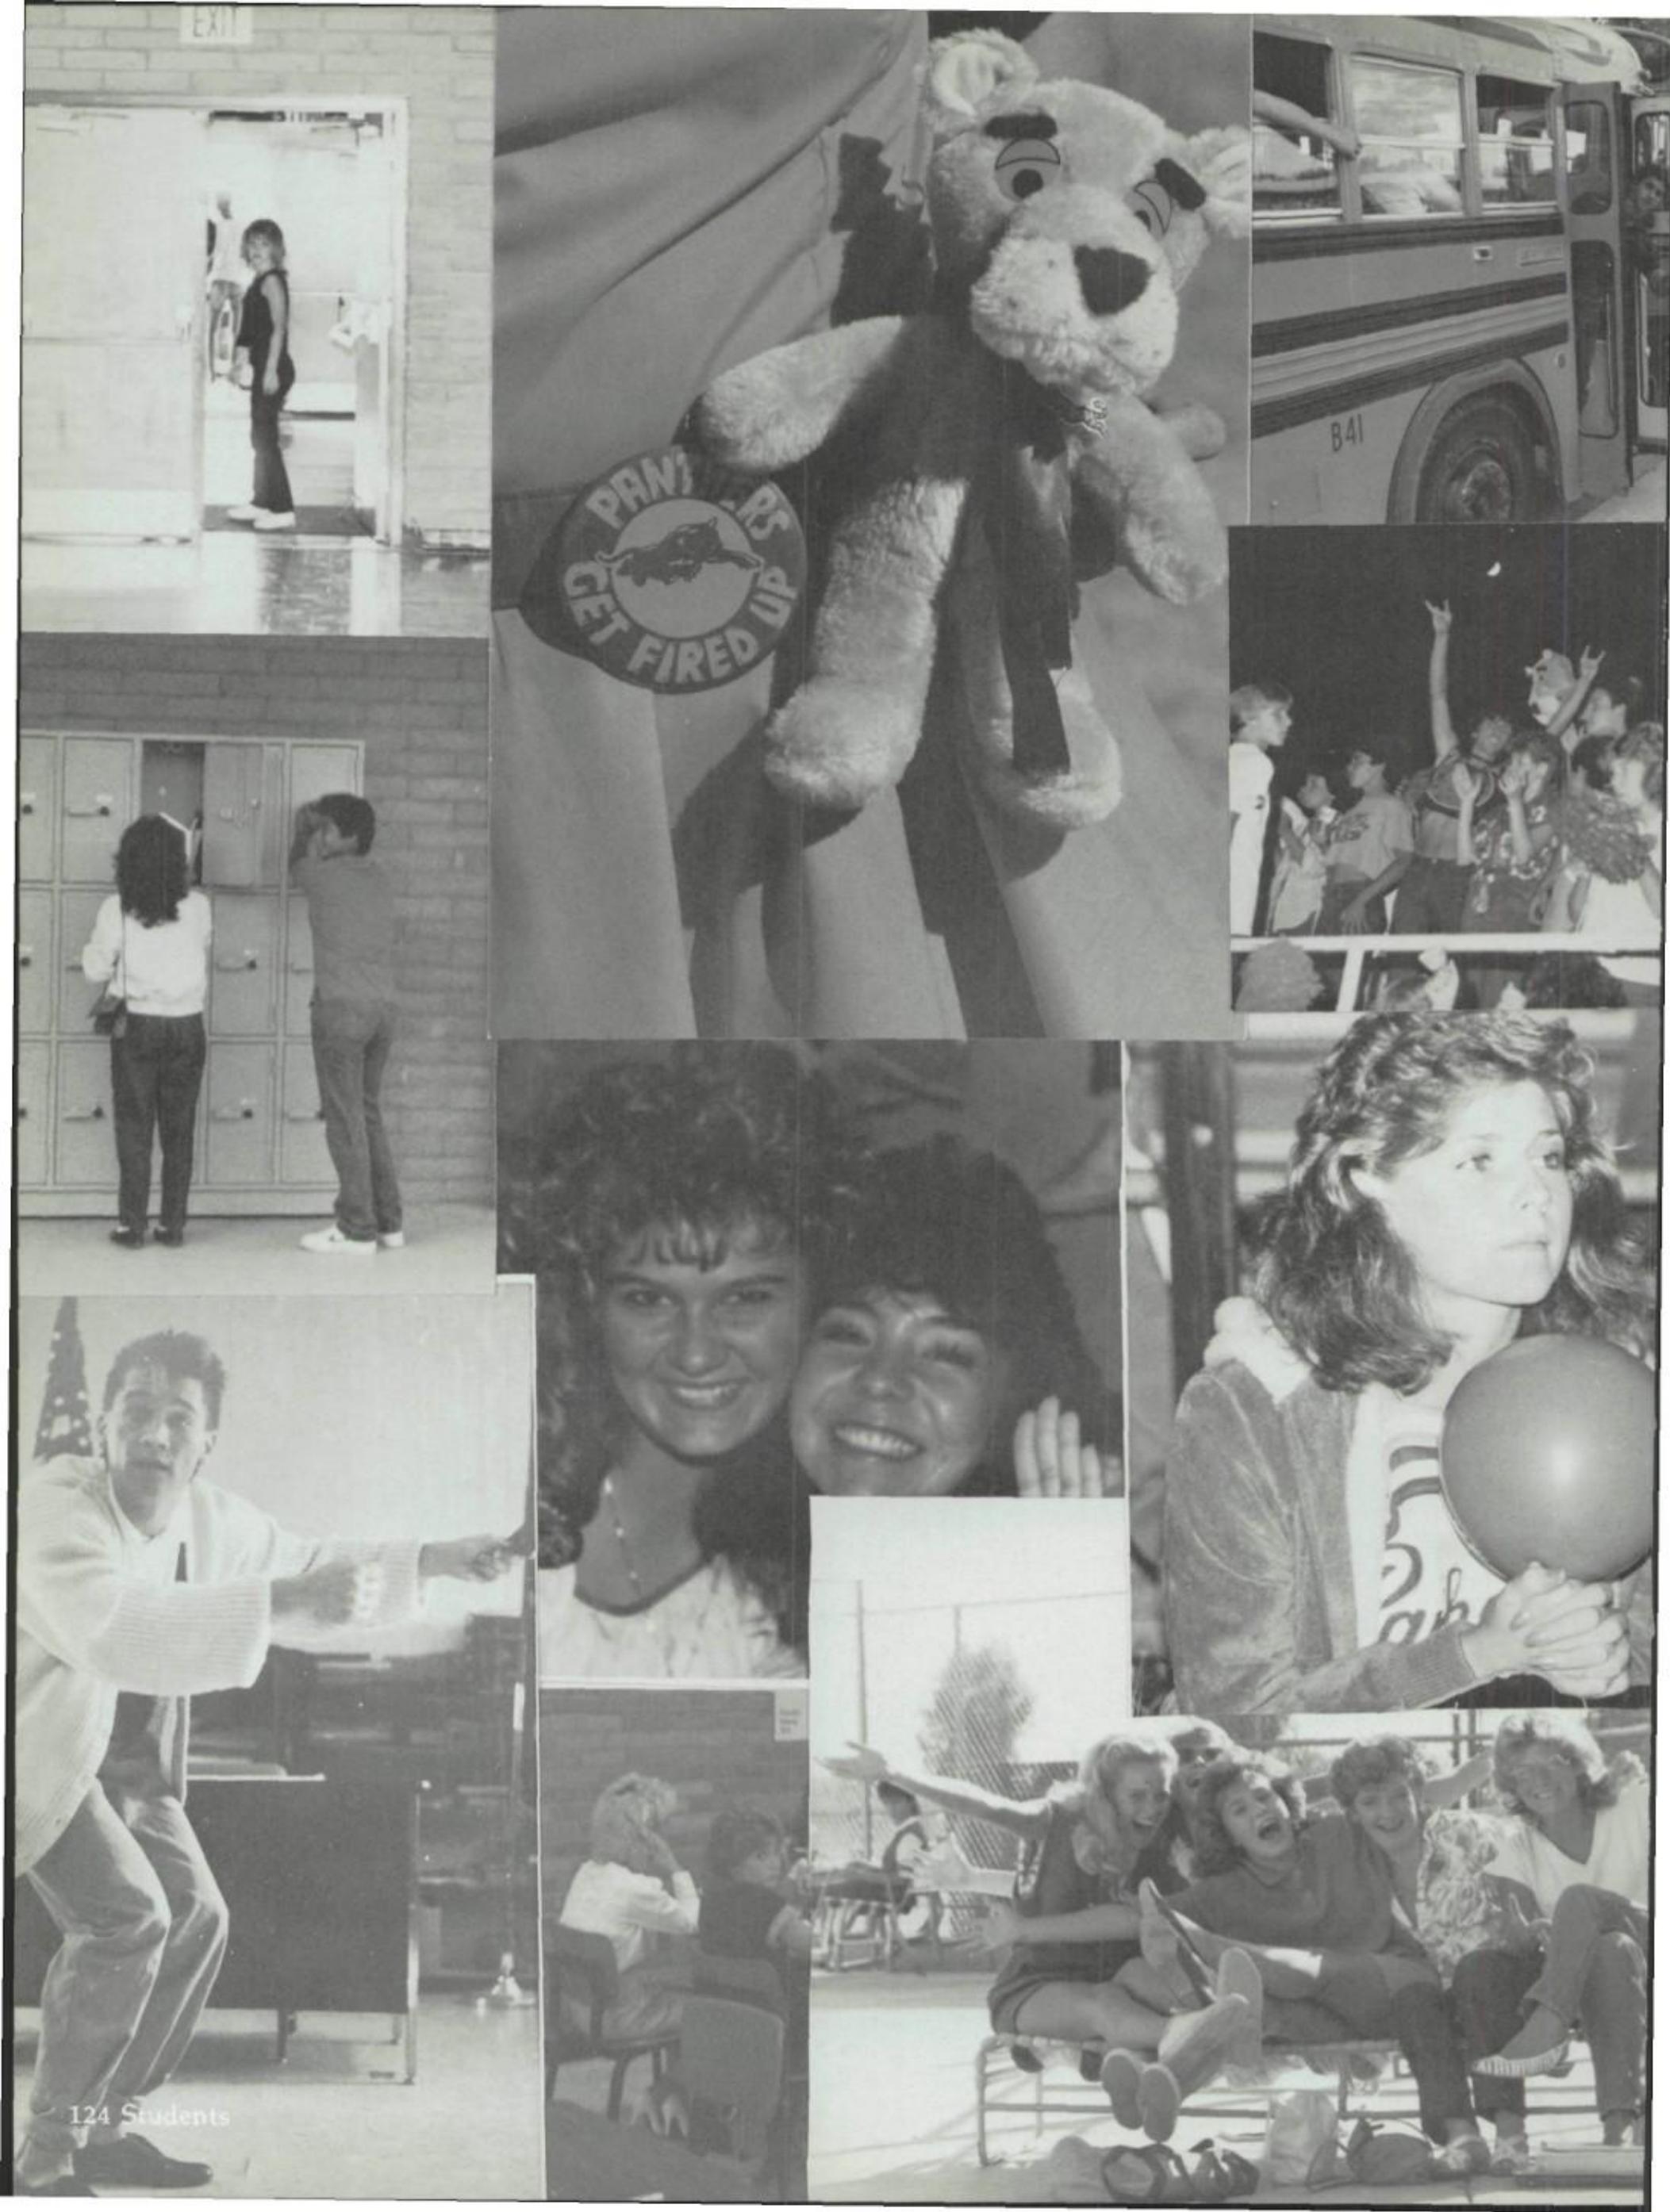

The Speech and Debate Team is an organization of people who excel in public speaking and/or interpretation of literature. Public speaking events are oratory and extemporaneous speaking. An oratory is a self-written speech in which the orator attempts to persuade the judges to see their point of view. In extemporaneous speaking competitors are to prepare and deliver a speech concerning current events in an allotted amount of time. The interpretation events include dramatic and humorous interpretation, serious prose, and poetry. Consistant winners in these interpretation events are Karl P. Coleman, Melanie Minor, and Mike Traina. Stephanie Johansen continues to excel in the public speaking events and in Lincoln-Douglas Debate.

The club officers are; President, Stephanie Johansen, Vice-President, Melanie Minor, Secretary, Hui Wu, Treasurer, Kelly Pallitto, and Historian, Karl Coleman.

Recently, the team was recognized as National Forensics League Chapter 3508. Congratulations PHS Speech and Debate!

# DASHING THROUGH THE SNOW

As many people woke up, they looked out of their bedroom windows just expecting it to be another cold rainy day. Instead you found snow, yea snow on your front lawns. Although there was not very much snow, there was enough to cover cactus, cars, and fields. When you drove to school you found yourselves staring at the hoods and windows of your car instead of the road. By the time you reached the parking lot the falling snow had already turned into rain. When that happened you knew it was too good to be true. You then made the most of it by having mushball fights. By this time it was time to go to your first hour class probably looking like a wet rat.

As Janitors and teachers actually called the Principal to find out if school was cancelled because of snow. Can you believe it??? That has to be the most humorous thing that was said all year. Either these people have never seen snow before or they have never been back east. Maybe they should take a trip to Alaska and the next time it snows in Peoria they will know whether school will be cancelled or not . . . If there was a  $\frac{1}{4}$  of an inch of snow on the ground school just might be cancelled, but there was maybe 5 centimeters of snow; that didn't melt and actually layered the ground.

As you can see, different people had different reactions to the snow. Some people had fun with it and some people were horrified by it. If you find it hard to believe, well don't because it's true. We won't mention any names, but it wasn't any of the students.

All in all, this will be a day that will be remembered at P.H.S. For those people that were afraid of it, there is no need to worry — at least for another 46 years.

**FRESHMAN . . . FRESHMAN . . . FRESHMAN . . . FRESHMAN**

LOVE  
the  
Call!

A hand-drawn card featuring the text "I have you in my heart" in cursive script. The word "you" is written vertically along the top edge of a rectangular frame. The words "have" and "in my heart" are stacked vertically below it. To the right of the text is a large, stylized drawing of a heart.

## YOUR ON YOUR WAY

Some of the questions that Freshmen ask are: Where is room number . . . ? What clubs do I join? Where did you say the dance was going to be? These are a few of the many questions that Freshmen have at the beginning of the year. But as they get settled in, they make many new friends and find their own little groups.

Freshmen get criticised by many of the upper-classmen. One of the ways that Freshmen get critisized is through poems. For example:

A little freshmen roamed the school,  
thinking that he was cool.

Just then he tripped on his shoe lace,  
and fell upon his face.

There he lay with papers scattered,  
while all the seniors stood and chattered.

But he won't quit, for it won't be long,  
He'll become a Senior — *Proud And Strong*.  
It's things like this that give Freshmen that extra  
"go" that makes them want to become a sophomore  
so they won't be on the bottom floor anymore.

# **YOUR MOVING UP**

Sophomores are stuck in the middle. They are happy that they are not Freshmen anymore but they are still not satisfied because they are not a member of the upperclass. They still get criticized. They cannot go to the "Prom like Juniors and Seniors do. The only way they can go is if they are invited. The closest that they get to a prom is the "Morp."

Another Problem of being a Sophomore is transportation. Most Sophomores are not old enough to get a license to drive. And the Sophomores that do have a license are "Licensed to Kill."

Money is also a problem because most sophomores are not old enough to get a job.

Another problem is that teachers come down hard on students with rules and regulations. When sophomores get in trouble they still try to use the same excuses that they did their Freshmen year. Some of these excuses were: "But Mr. ... I forgot.", "It was different last year.", and the most common one is "my locker was jammed."

Sophomores, you could say are just maintaining in a "maintenance room". They are not at the bottom floor but they are not on the main floor either.

# YOUR ALMOST THERE

Juniors are finally on the "Main Floor." They are upper-classmen now and they don't have to worry about being called an underclassmen anymore. They are almost as high as Seniors but not quite.

Juniors finally get to go to the "prom" instead of getting stuck going to the "morp." Money is usually not a problem anymore. Juniors have a job by now because they are saving for college, but that is where their parents think their money is going every week. But in reality, their money is being saved up for gas money to go cruise and for the midnights.

A major problem that juniors face during their junior year is that their counselor calls them in and asks the big question, "What do you want to do with your life?" And their reply at this time is "I wanna rock . . ." But then they finally face reality and decide to take the ACT or SAT to see how smart they are and if any college is going to accept them.

The major decision that Juniors make at the middle of the year is "Should I be smart and pay \$50.00 to take ECON during the summer so I won't have to face Mrs. Cameron." "Or should I try to stick it out my Senior year. Most Juniors chose to take it during their Senior year because they don't have the money and they want to be with their friends.

By this time, Juniors are almost at the top. They haven't given up because they know their almost there . . .

# YOUR AT THE TOP

We're finally here, we are on the top floor. But where do we go from here. It's their last year. The year that everyone has been waiting for. At least that's what they say. But on the inside no one really wants to leave. Seniors hear the comments from their families: "Wait until you face the real world." "You think you've got it bad now, just wait until you have to support yourself and pay bills." And just think for the last three years of their highschool life they have been horrified of Mrs. Cameron. Mrs. Cameron is extremely easy compared to what the real world is going to be like. Many seniors that have already graduated would die to have Mrs. Cameron back.

Being a Senior isn't all that bad. It does have its advantages too. Seniors finally get to move on and explore the world. They get to use everything that they have learned in the past four years. They set new goals, whether it may be just moving out on their own, going to college, or perhaps getting married. By this time they are at the top and there is no stopping them now.

# MAKING FRIENDS

## KRISTIAN

Denmark is a little country just north of Germany. Pop: 5,000,000. The capital is Copenhagen. The language is Danish and it is very different from English. The only major difference besides the language is we don't have Indians in Denmark.

I lived in Algona, Iowa for two and a half months then moved here, to Arizona because of the economic situation in Iowa. I have made many new friends I won't soon forget!

-Kristian Vilmann

## JOHANNA

I came here in August and I got to experience the heat I never believed to be real. In the first five minutes I wanted to return to the nice little northern freezer, Finland. I stayed, and here I am. The time passed and the first day at Peoria was reality. I have never been so scared. A little foreign girl among more than 2,000 people that all spoke a different language. Everyone was so friendly and helpful that I soon felt I had been here forever.

Finnish schools are relatively small and one building is enough.

We go to school to study, have thirteen required classes, and thus don't have school sponsored activities like football or other sports. For sports you have to find a team outside school.

-Johanna Lehtovirta

## FABIO

My Name is Fabio Ribeiro d Araujo, and I'm an exchange student from Brazil. I came here to study and principally to learn a new language, a new custom, and me new people.

I know how different it's here but I like it very much; the people, the weather and the countryside. My school in Brazil is very different than Peoria. It's very difficult to explain what the differences are, but you can believe that it's very different.

I don't know if I like it here very much because my family is just the best, or because other things. You can believe THEY ARE GREAT!

Love, your Brazilian Friend

## ***THE P.H.S. DISTRICT ADMINISTRATORS***

For the second year in a row PHS has broken its record for another milestone blood drive. For the past nine years, Laurens K. Sparling, Science Department, has sponsored these blood drives and none has made PHS history like this one.

On February 12, 1986, Heather Haupt, chairman, held the most phenomenal drive just two days before Valentines Day. This years slogan "Valentines For Life" attracted a handsome 105 donors.

This is Heather's second year on the drive as chairman. Other volunteers who greatly assisted in making this blood drive are: Cheryl Corrington, Kristi Charles, Laural Remay, Greg Lang, Robert Haupt, Andrea Stupka, and Kevin "dracula" Mc Quarrie. Give the gift of life. Give Blood.

Hey, it's the Drac Pack!

Student Trainers do a lot for our sports programs that help greatly. They prevent, assess, and work with injuries. By helping students they help themselves in their athletic profession. To learn all they know they go to workshops and other seminars to help them do a better job. They also learn responsibility that effects their personal and school life. They work hard so our athletes can play hard. Thanks for your hard work, it matters.

Blue-collar troubadour  
Bruce Springsteen was the  
undisputed Boss of rock  
n' roll. His songs about  
Vietnam veterans,  
steelworkers and factory  
workers hit many  
responsive chords with all  
ages of Americans.

Cincinnati Reds player-manager Peter Rose broke Ty Cobb's career hit record in September. The historic number 4,192 hit was a single to left field on a 2-1 pitch from San Diego Padres right-hander, Eric Show, with one out in the bottom of the first inning.

Riots were an almost daily occurrence in South Africa as blacks protested Apartheid. In this photograph, a white man runs from a jeering group of stone-throwing blacks in downtown Johannesburg as widespread violence continued to breakout throughout the country.

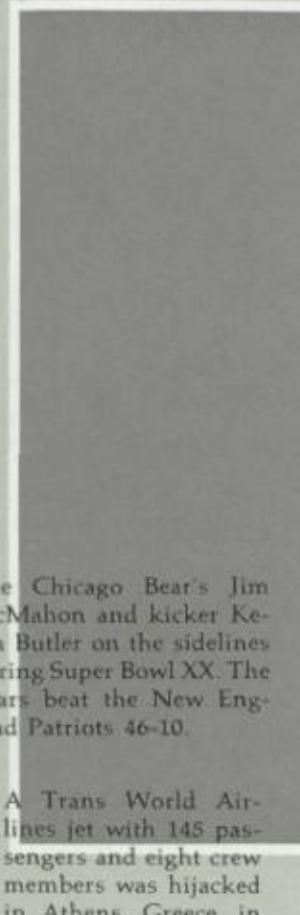

A high school teacher goes into space. Christa McAuliffe folds her training uniform as she packed for a trip to Houston where she began training for her trip into space. McAuliffe is a high school teacher from Concord High School in Concord, N.H. Her flight is scheduled for January, 1986.

The space program moved ahead. Space walker James van Hoften stands tall on the end of the robot arm of the Space Shuttle Discovery after Successfully Launching the repaired Syncom satellite in September.

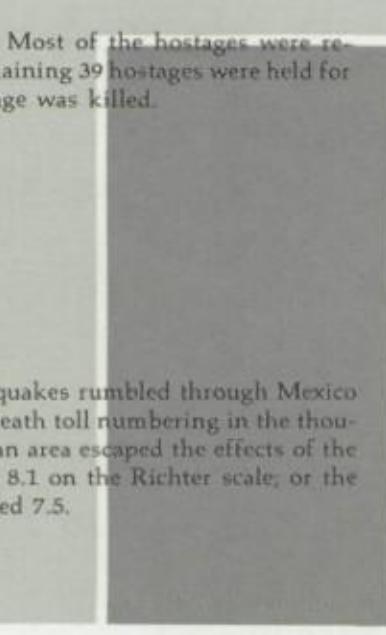

The war in the Mid-East continued in 1985. A distraught Moslem man hugs his son moments after they survived a car bomb explosion out side a West Beirut restaurant in late August. They are shown being hurried away from the carnage by another man as cars burn in the rubble-strewn street.

The Chicago Bear's Jim McMahon and kicker Kevin Butler on the sidelines during Super Bowl XX. The Bears beat the New England Patriots 46-10.

A Trans World Airlines jet with 145 passengers and eight crew members was hijacked in Athens, Greece, in June. The Sheite hijackers took the plane to Beirut, then to Algeria, and then back to Beirut. Most of the hostages were released within days but the remaining 39 hostages were held for 17 days. One American hostage was killed.

A series of devastating earthquakes rumbled through Mexico City in September leaving a death toll numbering in the thousands. Few in the metropolitan area escaped the effects of the first quake, which registered 8.1 on the Richter scale; or the second quake, which measured 7.5.

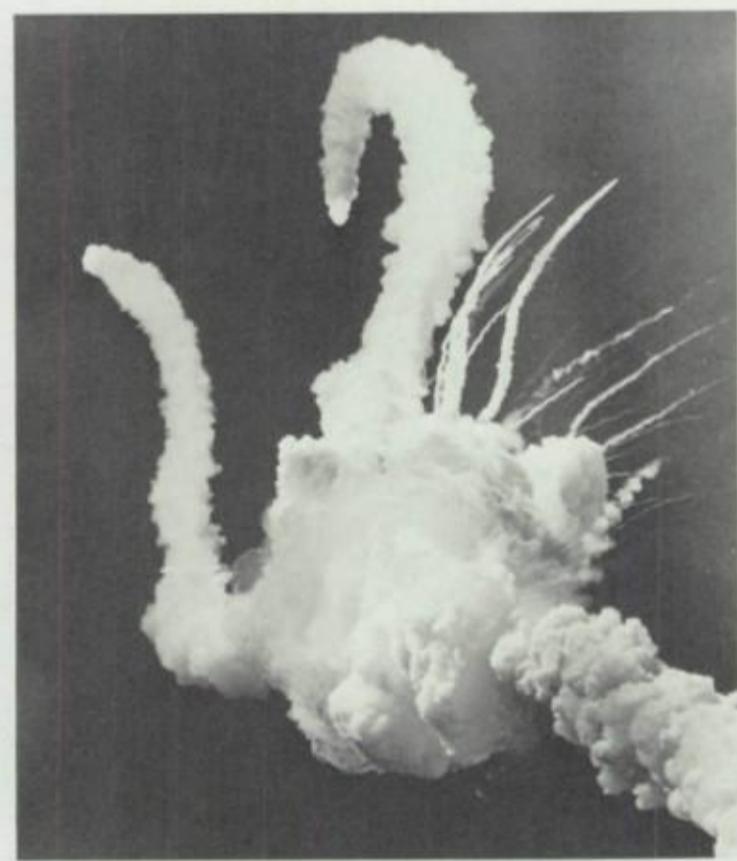

Delta Airlines jetliner crashed near Dallas in August, killing 137 people. The plane was on a flight from Fort Lauderdale, Florida to Los Angeles with an intermediate stop at Dallas-Fort Worth. Thirty-four people survived the crash but five died of injuries later. The plane encountered a severe wind shear as it plunged to the ground.

On Tuesday, January 28, 1986, the space shuttle Challenger exploded, killing all seven crew members. The explosion was the first in-flight disaster in 56 manned U.S. space missions. Christa McAuliffe, Francis R. "Dick" Scobee, Micheal J. Smith, Judith Resnick, Ronald E. McNair, Ellison S. Onizuka, and Gregory B. Jarvis will be remembered as pioneers in the space program.

President Reagan and Soviet leader Mikhail Gorbachev talk in front of a fire place at the Fleur D' Eau on Tuesday, November 19, in Geneva.

Four Palestinian terrorists hijacked the Italian cruise liner Achille Lauro while on a Mediterranean cruise. One American was killed. After the ship was released the Egyptian government agreed to return the hijackers to the PLO. However, the hijackers were intercepted by American jets as they were flown out of Egypt and returned to Italy to stand trial.

*Wha-La!* It's finally here, "From Beginning to End." A book that has creativity on every page from beginning to end. The many times of staying up past 12:00, missing out on going to lunch with your friends, and having to listen to one person, "me", and doing things only the way that I think is best all boils down to one word

"DEDICATION," which this years staff has showed me that they have. There have been times when you have really became disgusted and you have asked yourself "Why did I even take this class?" Sometimes I have even asked myself the very same question. I know I could be doing something else right now and not have to worry about meeting a deadline. But before your eyes right this very minute is a book that we have all made one. No one can ever take that away from us. The tears, confusion, anger, frustrations, and time, all have made this book become real, and one that cannot be repeated. Future books may be better, but remember that it was you that gives them the competition. No-one can make an identical book. Your work cannot be replaced. No matter how hard someone tried to do what we did this year, they couldn't because there is no one like us. We may not be the best, but we did give it our best and that is all that counts. I would like to thank Mr. Hildreth for giving me the chance to make my dream come true, a dream that I had since my sophomore year. I would also like to thank you for having so much confidence in me. — From the beginning to the end.

— Being Editor this year has taught me a lot of responsibility, because I knew if I messed up I not only let myself down but I let the whole school down. I would like to dedicate this book to my family and Chris, but especially to my deceased father, wherever he may be.

Paul,  
Hey I'm writing  
this to you because  
I don't have time  
to call or write  
a letter so I'll  
just type it out.

Paul.  
It's been neat  
writing in typing  
with you. It's been that  
am going to do next.  
Year without you missing  
me. Have a great  
summer. Love, Holly
